MONTGOMERY COUNTY BOARD OF EDUCATIION Expanding Opportunity and Unleashing Potential
850 Hungerford Drive $*$ Room 123 R Rockville, Maryland 20850

March 1, 2023

The Honorable Marc Elrich, County Executive
Executive Office Building
101 Monroe Street, 2nd Floor
Rockville, Maryland 20850
The Honorable Evan Glass, President
and Members of the Montgomery County Council
Stella B. Werner Council Office Building
100 Maryland Avenue, 6th Floor
Rockville, Maryland 20850
Dear Mr. Elrich, Mr. Glass, and Councilmembers:
I am pleased to submit the Montgomery County Board of Education's Fiscal Year (FY) 2024 Operating Budget Request for Montgomery County Public Schools (MCPS). This budget is the result of internal and external feedback coupled with extensive analysis of our programs and our expected outcomes.

This budget promotes several of the critical goals that the Board set forth for this year. They include: (1) increasing mathematics and literacy rates; (2) improving recruitment and retention of a diverse and highly qualified staff; (3) promoting effective two-way communication with our families and our community; and (4) fostering safe and inclusive school environments.

The budget focuses on three key elements: supporting our students and staff; accelerating learning for all students; and innovative solutions to the unique challenges our students and schools are navigating. For MCPS to continue to be a leader in public education in the State of Maryland and around the country, we must remain competitive in recruiting the best teachers, leaders, and support professionals.

The Board of Education (Board) is requesting an FY 2024 operating budget of $\$ 3,216,039,673$ for MCPS. This is an increase of $\$ 296,012,046$, or 10.1 percent, compared to the FY 2023 operating budget. This budget continues our focus on students, classrooms, and schools and helps preserve the excellence that makes our public schools the crown jewel of Montgomery County, ensuring that the county is a great place to live, work, and raise a family.

The MCPS tax-supported operating budget (excluding grants and enterprise funds) for FY 2024 is $\$ 3,028,308,398$, an increase of $\$ 289,990,885$, or 10.6 percent, compared to the current FY 2023 tax-supported budget. As in previous years, this budget assumes Montgomery County will continue to fund $\$ 27,200,000$ of MCPS retiree health benefits costs from the county's Consolidated Other Post-employment Benefits Trust Fund.

The Honorable Marc Elrich The Honorable Evan Glass and Members of the County Council

State law requires the county to provide, at a minimum, $\$ 1,797,551,157$ in local funding for MCPS based on the Maintenance of Effort law. However, the extraordinary needs we face as the largest district in the State of Maryland are great for FY 2024, and the Board's budget request seeks $\$ 272,245,984$ more than the minimum funding level required by the state law. These investments will allow us to provide our students and families with what they need and continue to address the opportunity and access gaps, which have been exacerbated by the pandemic. We must ensure that all of our students are college, career, and community ready.

Governor Wes Moore's FY 2024 budget submitted to the Maryland General Assembly on January 20, 2023, with updates submitted by the Maryland State Department of Education on February 18, 2023, reflected a total of $\$ 933,283,780$ in state aid for MCPS. This is an increase of $\$ 69,525,204$ in all combined state aid categories compared to FY 2023. This includes funding from the Blueprint for Maryland's Future (Blueprint) legislation.

To that end, we must invest a portion of the additional state aid we received in January 2023 and updated in February 2023 totaling approximately $\$ 58.3$ million for compensation to recruit, retain, and reward our dedicated staff. This will allow MCPS to offer a compensation package that is competitive with what other Maryland school districts are offering, including rewarding our hardworking staff with compensation increases at the beginning of the next fiscal year. Additionally, we included $\$ 47.0$ million for accelerating student learning, investing in innovative approaches to teaching and learning, supporting math and literacy, and accelerating recruitment and retention of our professional staff.

As in past years, this FY 2024 operating budget assumes that it will be partially funded by the FY 2023 end-of-year fund balance for MCPS. The amount projected to be available to fund the FY 2024 budget is $\$ 25.0$ million, which is $\$ 10.0$ million less than the amount for the current FY 2023 budget.

The COVID-19 health pandemic has had a generational impact on public education, the learning of students, the ability to fill positions and compensate our workforce, and the way we deliver instructions. Many of our students still are impacted by the pandemic academically and on a social-emotional level. At the same time, the federal funds we have relied on to support our recovery soon will expire.

Even as the requirements of the Blueprint continue to be phased in, such as funding all dual enrollment costs, Advanced Placement/International Baccalaureate exam fee costs, a $\$ 10,000$ bonus for all National Board-Certified teachers (an area where MCPS proudly leads the state), universal pre-Kindergarten, and others, our Blueprint funding from the state decreased by $\$ 4.7$ million. Each year more of the state funding is shifted from Blueprint funding into the foundation amount and the law dictates that each year more of the costs are to shift to the county funding body. In addition, it is our understanding, from our meeting with the county's

The Honorable Marc Elrich The Honorable Evan Glass and Members of the County Council

Office of Management and Budget that MCPS will be expected to include the annual lease costs of the Stone Street facility in our operating budget at a cost of $\$ 1.0$ million in year one of the fifteen-year lease.

As districts across the state work with their associations to achieve a minimum starting salary for all teachers of at least $\$ 60,000$ as required by the Blueprint, we must be in a position to maintain our competitive advantage. As the largest school system in the state, with the highest cost of living, we must view the Blueprint requirements as the floor for Montgomery County. Therefore, we are submitting a budget that will provide our teachers, leaders, and support staff with the compensation needed to keep pace in this increasingly competitive marketplace.

In response to the Education Recovery Scorecard reviewed in an article titled "New Research Provides the First Clear Picture of Learning Loss at Local Level" published by the Harvard Graduate School of Education, United States Secretary of Education Miguel Cardona stated, "We must muster the political will at the state and local level to match the urgency and federal investment in our students through the historic $\$ 122$ billion in the American Rescue Plan." Further in the article, John B. King, president of the Education Trust, said "to address unfinished learning, we implore district leaders to invest in evidence-based strategies, including increased access to strong, diverse teachers, targeted intensive tutoring, expanded learning time, and strengthening socioemotional supports and relationships weakened during the pandemic." Thomas J. Kane, faculty director for the Center of Education Policy Research, Harvard University, states, "The whole village needs to hear the bell ringing, not just schools. Mayors should organize tutoring efforts at local libraries. Community organizations should plan school vacation academies and summer learning opportunities."

The Board's FY 2024 operating budget invests in the needs of each and every student highlighting the fact that we are serving more students this year than last year. Increased enrollment in MCPS is a strong indication that the community's confidence in our public schools is raising. The budget invests in our employees so that we continue to be a destination employer and are competitive in how we recruit and retain our teachers, administrators, and support staff. This budget makes investments in key accelerators that will support our students and schools, accelerate learning recovery, and enhance innovation that works. That is what we need to continue for our students to be back on track after the pandemic.

We recognize that this significant additional investment in the FY 2024 budget for MCPS comes with great responsibility. The investment is needed to build the future for our students that they deserve. We will be accountable to you and the residents of Montgomery County as we monitor student performance and the results from these investments.

As in the past, this FY 2024 operating budget request was developed through a variety of collaborations. The Board held two public operating budget hearings on January 11 and 17, 2023,

The Honorable Marc Elrich
The Honorable Evan Glass and Members of the County Council
and heard testimony from approximately 70 individuals. The Board held four work sessions on the operating budget on January 10, 18, 24, and February 9, 2023. Additionally, four Budget Advisory Committee meetings and three Community Forums were held. Board members spent a great number of hours analyzing the budget and submitted a number of formal questions to MCPS staff which eventually led to the Board's tentatively adopted budget request on February 23, 2023.

The Board of Education looks forward to working with you in the coming weeks and months to fund an operating budget for MCPS for FY 2024 that meets the needs of all our students.

Sincerely,

Karla Silvestre, President
Montgomery County Board of Education

Monifa B. McKnight, Ed.D. Superintendent of Schools

February 23, 2023

## MEMORANDUM

To: Members of the Board of Education
From: Monifa B. McKnight, Superintendent op Frools Mchayht
Subject: Tentative Adoption of the Superintendent's Recommended Fiscal Year 2024 Operating Budget

## Executive Summary

On January 11 and January 17, 2023, the Board of Education (Board) held two public hearings on the Superintendent's Recommended Fiscal Year (FY) 2024 Operating Budget. In addition, on January 10, 18, 24, and February 9, 2023, the Board held four work sessions on the recommended Operating Budget for Montgomery County Public Schools (MCPS). Today, I am submitting to the Board my amended Recommended FY 2024 Operating Budget totaling \$3,216,039,673 for MCPS. This is an increase of $\$ 296,012,046$ or 10.1 percent, compared to the current FY 2023 budget. The FY 2024 tax-supported budget (excluding grants and enterprise funds) is $\$ 3,028,308,398$, an increase of $\$ 289,990,885$ or 10.6 percent compared to the current FY 2023 tax-supported budget. The amended budget of $\$ 3,216,039,673$ is an increase of $\$ 60,659,889$ compared to the $\$ 3,155,379,784$ funding level for FY 2024 that I recommended to the Board on December 19, 2022.

At the time when I introduced the Recommended FY 2024 Operating Budget for MCPS at Northwest High School, we were uncertain of what funding would be included in the governor's FY 2024 state budget for MCPS. As part of the budget process, hearing from our community in the two public hearings and from Board of Education members in the work sessions, strategic revisions to my initially recommended budget were made.

At the February 9, 2023, work session, we outlined a series of additional investments that I am recommending for FY 2024 that promote the pillar of academic excellence in the Board's 2022-2025 strategic plan to improve literacy and mathematics across our district. These accelerators are in addition to the funding already in our operating budget to support literacy and mathematics. These additional accelerators also support professional and operational excellence in the recruitment and retention of our workforce, whose salaries and benefits makeup 89 percent of our operating budget. Finally, we added an investment in my amended budget to add security assistants to promote a safe and inclusive school climate, under the well-being and family engagement pillar of the strategic plan. All of these new accelerators were budget neutral, keeping our accelerator total to the same \$47,021,208 that I recommended in my initial budget in December 2022.

This Recommended FY 2024 Operating Budget, as amended, includes a revenue adjustment of an additional $\$ 60,659,889$ compared to what was included in my December 19, 2022, budget. Most of this revenue increase is the result of Governor Wes Moore including a 10 percent increase statewide for public education in his state budget. Factors impacting this increase in state revenue also include the fact that MCPS had the second-largest increase in student enrollment in the state for the 2022-2023 school year and one of the largest percentage increases in enrollment of the 24 local education agencies (LEAs). At the same time, while some state categories showed significant increases (e.g., compensatory education, English learners, students with disabilities-formula), we did not know that the funding we would receive from the Blueprint for Maryland's Future legislation for specific programs would decrease by $\$ 4,655,007$ for FY 2024 compared to the increase MCPS received in FY 2023.

On the expenditure side of the budget, my amended FY 2024 Operating Budget reflects an increase of $\$ 60,659,889$ in funding and 111.4 full-time equivalent (FTE) positions compared to my original recommended budget. In part, this supports the additional funding for restricted grants included in the Blueprint legislation. A portion of the increased expenditures supports the continuing salaries and benefits for MCPS employees included as a set-aside to support the ongoing negotiations with our employee associations.

Following is a summary chart that reflects the revisions to the Recommended FY 2024 Operating Budget as amended.

The details of the revisions to the Recommended FY 2024 Operating Budget submitted to the Board on December 19, 2022, follow:

## Revenue

## State Revenue

On January 20, 2023, Governor Wes Moore submitted his FY 2024 state budget to the Maryland General Assembly, and we received preliminary state aid amounts by category from the Maryland State Department of Education (MSDE). Subsequent to those initial amounts, we learned that there were adjustments needed to the initial allocations based on at least two major factors. First, the net taxable income amount that the state used to calculate the preliminary allocations was incorrect. Second, the methodology used to calculate the Concentration of Poverty grant was also incorrect. MSDE issued revised preliminary allocations of state aid on February 18, 2023, to MCPS and other school districts. Based on these revised allocations, a total of $\$ 933,283,780$ in state revenue is anticipated for MCPS in FY 2024. This is an increase of $\$ 69,525,204$ compared to the current FY 2023 budget. My recommended FY 2024 budget had included an estimate of $\$ 878,758,576$ in state revenue, an increase of $\$ 15,000,000$. At the time my recommended budget was submitted, we could not have known that the governor had planned to include a ten percent increase in the state budget for public education.

It is always difficult to predict with much accuracy in the recommended budget the amount of state aid MCPS will receive because the formulas are not only based on governor initiatives but also on our student enrollment compared to other LEAs in the state and our county's wealth relative to the rest of the counties in the state along with the City of Baltimore.

The following is a summary of the major state revenue amounts by category of aid in FY 2024 for MCPS:

Foundation Grant: The FY 2024 state aid allocations provide $\$ 415,772,353$ for the Foundation Grant, a decrease of $\$ 8,916,307$ compared to the amount in the current FY 2023 budget. This grant is distributed on the basis of enrollment and wealth relative to the rest of the state and a per-pupil amount established in law. The Foundation Grant is the largest source of state aid for LEAs. The amount for the Foundation Grant for MCPS decreased by 2.1 percent from FY 2023 to FY 2024.

Comparable Wage Index (CWI): The FY 2024 state aid allocations provide $\$ 33,818,923$ for the CWI, the replacement for the Geographic Cost of Education Index. This is a decrease of $\$ 8,471,468$ compared to the amount in the current FY 2023 budget. CWI is designed to provide additional funding to school districts for dealing with the high cost of educating students in certain counties. This is a decrease of 20.0 percent for MCPS compared to FY 2023.

English Learners: The FY 2024 state aid allocations provide $\$ 104,568,200$, an increase of $\$ 9,894,032$ compared to the current FY 2023 budget based on the number of students receiving English learner services. This is a 10.5 percent increase for MCPS compared to FY 2023.

Compensatory Education: The FY 2024 state aid allocations provide $\$ 200,618,950$, an increase of $\$ 66,835,398$ compared to the current FY 2023 budget for compensatory education revenue related to the number of students who are economically disadvantaged in the district.

The Bridge to Excellence in Public Schools Act of 2002 directs this aid according to the number of students eligible to receive Free and Reduced-price Meals System services. This is a 50.0 percent increase for MCPS compared to FY 2023.

Students with Disabilities-Formula: The FY 2024 state aid allocations provide $\$ 68,384,961$, an increase of $\$ 9,988,253$ compared to the amount in the current FY 2023 budget to support students with disabilities. This is an increase of 17.1 percent for MCPS compared to FY 2023.

Students with Disabilities-Reimbursement: Working with the MCPS Office of Special Education, the recommended FY 2024 operating budget included estimated revenue totaling $\$ 19,050,700$ for funding that MCPS receives from the state for supporting students placed in nonpublic special education schools. This is the same amount as FY 2023.

Transportation: The FY 2024 state aid allocations provide $\$ 55,568,313$, an increase of $\$ 4,590,303$ compared to the amount in the current FY 2023 budget, for the transportation of students to and from school as well as aid for transporting students with disabilities. This is an increase of 9.0 percent for MCPS compared to FY 2023.

The Blueprint for Maryland's Future: The FY 2024 state aid allocations include $\$ 34,188,924$ in both restricted and unrestricted state aid in support of new programs that were funded from the Blueprint for Maryland's Future legislation. This is a decrease of $\$ 4,655,007$ compared to the $\$ 38,843,931$ that MCPS has been allocated in the current FY 2023 budget for these Blueprint programs. MCPS was originally allocated $\$ 248$ per pupil in Blueprint funding in FY 2024. This per-pupil allocation amount for MCPS is 19 of 24 LEAs in the state. The revisions to these comparisons have not been shared with us since the reallocation of state aid that occurred a few days ago. The wealth equalization factor impacts the amount MCPS receives from the state in Blueprint funding along with the fact that other state aid programs (e.g., the Foundation grant) are supporting the Blueprint legislation. In addition, over time the local responsibility of the Blueprint legislation increases as well.

This $\$ 34,188,924$ in Blueprint funding for FY 2024 includes the following: Concentration of Poverty, $\$ 10,690,502$ (increase of $\$ 2,033,166$ ); National Board-Certified teacher salaries, $\$ 1,936,308$ (increase of $\$ 47,138$ ); prekindergarten, $\$ 5,595,704$ (decrease of $\$ 6,953,769$ ); transitional supplemental instruction, $\$ 5,017,081$ (increase of $\$ 62,236$ ); college and career readiness, $\$ 3,236,584$ (increase of $\$ 156,222$ ); and transition grant, $\$ 7,712,745$ (no change from FY 2023).

## Local Revenue

Based on revenue and expenditure adjustments that were highlighted earlier in this memorandum, an increase of $\$ 6,134,685$ in the local contribution is reflected in this amended budget compared to the December 2022 budget recommendation. This amount includes $\$ 1,339,606$ for the adjusted amount required under the revised Maintenance of Effort law based on the actual enrollment as of September 30, 2022. The total amount in the amended budget for FY 2024 from local revenue is $\$ 2,069,797,141$, an increase of $\$ 230,725,681$ compared to the current FY 2023 budget. The amount of local funding for FY 2024 over the minimum amount required by Maintenance of Effort law is \$272,245,984.

## MCPS Fund Balance

The FY 2024 Operating Budget that I recommended to the Board of Education in December 2022 reflected that $\$ 25,000,000$ of the budget would be funded from the MCPS end-of-year fund balance from the end of FY 2023. We continue to include this amount of funding from FY 2023 to fund the FY 2024 Operating Budget. This amount is $\$ 10,000,000$ less than the MCPS fund balance amount used to fund the current FY 2023 Operating Budget.

## Expenditure Adjustments

## Adjustments to the Accelerators Presented to the Board at its February 9, 2023, work session.

Following the submission of my recommended FY 2024 Operating Budget, the two public hearings, and the first three work sessions with the Board, a fourth work session was held on February 9, 2023. During the testimony from the public and the Board's questions and comments, it was clear from that feedback that adjustments to the $\$ 47.0$ million in accelerators included in the original recommended FY 2024 operating budget were necessary. It was clear that additional accelerators were needed in support of literacy and mathematics outcomes for students across the district, as well as resources to support the recruitment and retention of a high-quality workforce and a safe and inclusive school climate. It is important to note that while these important adjustments add 89.0 FTE positions, offset by a reduction of 3.0 FTE positions, the funding is budget neutral, in that funding for original accelerators was either reduced or eliminated.

The following is a summary of the changes presented at the February 9, 2023, work session.

- In place of the funding included as an accelerator for two more innovative calendar schools at the beginning of the 2023-2024 school year, we need to take the time to plan for these schools, hearing what the community wants, what our teachers want, and the materials needed for these schools. The amended budget includes $\$ 263,400$ to support input from consultants and research and plan for the expansion of the number of innovative calendar schools.
- An addition of 1.0 FTE position and $\$ 158,300$ is included to establish an academic support and innovation coordinator to work with the six two-way immersion and the two innovative calendar schools to make sure we are implementing the model with fidelity as well as learning from staff and community about what is working and not working in these eight schools.
- To increase mathematics support to schools and lower the ratio of supervisors to elementary and secondary schools, an additional two math supervisors, three instructional specialists, 12 instructional coaches, and $\$ 1,792,600$ are added to the recommended budget to build teacher capacity and provide consistent support and strategic coaching for job-embedded professional learning and progress monitoring.
- In support of English language development and our fastest-growing student population, 2 coaches for direct school support, 40 teachers for enrollment growth, and $\$ 3,375,000$ are added to the recommended budget. These positions will provide ongoing support to schools,
program review and monitor student achievement, co-planning, and co-teaching to improve learning outcomes for students.
- Eight literacy and mathematics academic opportunity specialists and $\$ 1,174,400$ are added in recognition of recent student performance data for our African American, and Hispanic students. These positions will support academic planning, data analysis, progress monitoring, outreach and advocacy planning for under-represented populations to provide a pathway for students to prepare for advanced coursework and increase access to college-level courses.
- Funding of $\$ 1,555,200$ is added to hold a four-day summer institute on literacy and mathematics. The institute will focus on grade-level standards, secondary literacy content, English learners, specially-designed instruction, gifted education, anti-racist practices, and social-emotional learning. The institute will enhance professional capacity for wellness, teaching, and learning.
- Funding to expand the Middle Years Programme to two additional middle schools and two high schools (Grades 6-10), one accelerated and enriched instruction specialist and \$146,800 are added to support and plan for this expansion. This position will support the intentional pathway for students to prepare for advanced International Baccalaureate coursework, to increase participation in world language courses to earn the Seal of Biliteracy, and to increase student access to college-level courses.
- In support of literacy in secondary schools, funding of $\$ 2,026,900$ is added for teacher stipends to build post-college and career pathway courses and to contract to purchase additional high quality, effective secondary interventions for students.
- Consistent with the discussion at the Board business meeting on February 7, 2023, on human resources and development key practices for a diverse workforce, 10 positions and $\$ 1,408,700$ are added to the recommended FY 2024 budget. This includes, for the first time, the addition of three consulting counselors to support our new counselors who are so important to the well-being and support of our students. Two consulting teacher positions are added to lower the high ratio we currently have of consulting teachers to teachers in our workforce. Consideration will be given to focusing these additions on hard-to-fill teacher positions. One additional instructional specialist is added for Skillful Teacher training in support of the observation and analysis of teaching of resource teachers and supervisors. A professional growth consultant position will focus on professional development for our supporting services staff. A staffing coordinator and a staffing specialist are needed to hire our employees more quickly and provide services to our schools. Finally, one coordinator position is needed for completing compliance and investigation items across the district.
- Finally, 10 security assistant positions and $\$ 515,600$ are added to provide the needed coverage for schools with increased square footage to the number of portable classrooms in the district, for additional space added, for complex school footprints, and for schools with a higher number of serious incidents.

## Conclusion

The amended FY 2024 Operating Budget that I am recommending to the Board for adoption is the result of extensive internal and external feedback on the operating budget, both before and after, since I recommended it on December 19, 2022. It reflects the adjustments in the accelerators that we presented to the Board at the work session on February 9, 2023. This budget continues to be centered on our core purpose of preparing all students to thrive in their future and graduate with deep academic knowledge and preparation for the complex world and workplace of tomorrow. This overall increase in funding is needed to provide a high-quality education for our growing student population, continuing our recovery from the impact of lost learning time from the pandemic, the addition of new researchbased innovative approaches to teaching and learning in our district, providing competitive salaries for our staff and the rising cost of health care for our employees and retirees, opening of our 211th school in the Clarksburg Cluster, and supporting the increased cost of goods and services in our district. I look forward to working with the Board members on this FY 2024 Operating Budget for MCPS to improve equitable teaching and learning for each and every one of our students.

## Recommended Resolution

WHEREAS, The superintendent of schools presented the Recommended Fiscal Year 2024 Operating Budget of $\$ 3,155,379,784$ to the Board of Education on December 19, 2022; and

WHEREAS, The Recommended Fiscal Year 2024 Operating Budget includes the Fiscal Year 2024 Special Education Staffing Plan; and

WHEREAS, The Superintendent's Recommended Fiscal Year 2024 Operating Budget as amended includes a local contribution request of $\$ 2,069,797,141$, an increase of $\$ 6,134,685$ to the Recommended Fiscal Year 2024 Operating Budget; and

WHEREAS, The Governor's Fiscal Year 2024 operating budget presented to the Maryland General Assembly as revised by the Maryland State Department of Education on February 19, 2023, reflects an increase of $\$ 54,525,204$ in state aid to the Recommended Fiscal Year 2024 Operating Budget from December 2022; and

WHEREAS, A Montgomery County Public Schools fund balance of $\$ 25,000,000$ remains the estimated amount to be available for appropriation in Fiscal Year 2024; and

WHEREAS, Adjustments to the recommended operating budget for accelerators and other technical changes result in an increase of 111.4 full-time equivalent positions; now therefore be it

Resolved, That the Montgomery County Board of Education approve the Fiscal Year 2024 Special Education Staffing Plan as outlined in the Superintendent's Recommended Fiscal Year 2024 Operating Budget; and be it further

Resolved, That upon final approval of the Fiscal Year 2024 Operating Budget in June 2023, the Special Education Staffing Plan will be submitted to the Maryland State Department of Education; and be it further

Resolved, That the Montgomery County Board of Education adopt the Superintendent's Recommended Fiscal Year 2024 Operating Budget as amended totaling $\$ 3,216,039,673$, as follows:

Montgomery County Public Schools
FY 2024 Tentatively Adopted Budget by the Board of Education

STATE BUDGET CATEGORIES AND SPECIAL REVENUE FUNDS SUMMARY

# Montgomery County Public Schools FY 2024 Operating Budget 

## Summary of Negotiations

The bargaining units for MCPS are the Montgomery County Education Association (MCEA), representing certificated non-administrative employees; Service Employees International Union (SEIU) Local 500, representing supporting services employees; and the Montgomery County Association of Administrators and Principals/Montgomery County Business and Operations Administrators (MCAAP/MCBOA), representing certificated and non-certificated administrators and non-certificated supervisory employees in separate units. The two MCAAP units are covered in a single contract for both units. During FY 2021, the Board of Education reached agreements covering noneconomic terms with all three-employee associations; economic terms re-open with each association annually. MCAAP/MCBOA and SEIU are covered under separate threeyear agreements, effective July 1, 2020, through June 30, 2023. The agreement with MCEA was shorter, effective February 23, 2021, through June 30, 2022. In a memorandum of understanding, MCPS and MCEA agreed to extend the MCEA contract one fiscal year - through June 30, 2023.

For FY 2024, negotiations began in October 2022 with our three employee associations on new contracts to be effective July 1, 2023, and are continuing as of this publication. While final terms of these contracts have not yet been agreed on, in order to plan for the requirements of the FY 2024 Operating Budget, funds are included in this budget to support the negotiated agreements once they are finalized. Depending on the outcome of negotiations, a budget amendment may be needed to either add funds or realign funds from other areas.

The Code of Maryland Regulations (COMAR) requires each local school system to submit an annual special education staffing plan to the Maryland State Department of Education (MSDE). The plan must demonstrate public input and be approved by the local Board of Education prior to its submission to MSDE. The locally approved staffing plan is submitted to MSDE annually by July 1 with the local application for federal funds. MSDE reviews the staffing plan and advises the local agency if there is a need for additional information or revisions. If revisions are required, the local agency must submit the revised staffing plan by September 30. The required elements of the staffing plan include the following:

- Evidence of public input
- Evidence of maintenance of effort within the meaning of 34 CFR $\$ 300.231$, Maintenance of Effort, and COMAR 13A.02.05, Maintenance of Effort
- Staffing patterns of service providers of special education and related services
- The number and type of service providers needed to provide a free, appropriate public education (FAPE) for each student in the least restrictive environment (LRE)
- Local accountability and monitoring
- Evaluation of the local staffing plan for effectiveness
- Strategies to resolve concerns over staffing plans
- Evaluation of the local staffing plan for effectiveness
- Steps to secure public input in the development of the staffing plan
- Information on how the public agency will use the staffing plan to monitor the assignment of staff to ensure that personnel and other resources are available to provide FAPE to each student with a disability in the LRE.

The following resolution is recommended for your consideration:
WHEREAS, The Maryland State Department of Education (MSDE) requires each local school system to submit an annual staffing plan; and

WHEREAS, The Special Education Staffing Committee composed of parents, teachers, principals, special education staff, and special education advocates held one meeting in July of 2022 and one meeting in January of 2023 with recommendations submitted to the Department of Special Education; and

WHEREAS, The FY 2024 Recommended Operating Budget includes all of the staffing plan elements required by the Maryland State Department of Education; now therefore be it

Resolved, That the Board of Education approve the FY 2024 Special Education Staffing Plan as included in the FY 2024 Recommended Operating Budget; and be it further

Resolved, That upon final approval of the FY 2024 Operating Budget in June 2023, the Special Education Staffing Plan will be submitted to MSDE.
FY 2024 MONTGOMERY COUNTY PUBLIC SCHOOLS ORGANIZATION

Note: This chart does not include every office, department, division or unit.

## State Budget Categories and Special Revenue Funds

## CATEGORIES

State law requires all counties and Baltimore City to appropriate and record expenditures for education in accordance with standardized state budget categories. This is so the Maryland State Department of Education may collect and compare data on local education spending from across the state. These state budget categories are based generally on broad functional classifications such as administration, instructional costs, special education, and student transportation.

Additionally, there also are special revenue and enterprise funds that generate/receive outside revenue which defrays the system cost.

Below are summaries of the types of expenditures in each of the state categories of expenditure and the percent of each category to the total operating budget.

## Category 1—Administration (2.4 percent)

Administration includes activities associated with the general direction and control of the school district and includes such activities as establishing and administering policy, providing fiscal and business services, central information systems, and supporting each of the other instructional and supporting services programs. Administration includes expenditures for the Board of Education, executive staff units, evaluation and supporting services, administrators, supervisors, and human resources. These expenditures affect the district as a whole and are not confined to a single school building.

## Category 2-Mid-level Administration (6.0 percent)

Mid-level Administration includes supervision of districtwide and school-level instructional programs and activities. It includes all school-based administration, including the office of the principal. Mid-level Administration includes school business and clerical activities, graduation expenses, curriculum development, supervision of guidance and psychological services, supervision of career and technology programs, and educational media services. Mid-level Administration also includes central district school support and improvement activities.

## Category 3-Instructional Salaries (38.7 percent)

Instructional Salaries includes expenditures for teaching students in general education settings. It includes most activities that occur on a regular basis at the school level or for the benefit of the instructional program. Instructional Salaries includes all salary expenditures for providing these activities, including salaries for teachers, paraeducators, school aides, teaching specialists, resource teachers, psychologists, school counselors, media staff, part-time salaries, substitutes, and stipends but does not include employee benefits. Salaries for staff involved in professional development activities also are included in this category.

## Category 4-Textbooks and Instructional Supplies (1.5 percent)

Textbooks and Instructional Supplies includes all supplies and materials used in support of instruction. This category includes books, media materials, computer materials, art and music supplies, science and laboratory supplies, and physical education supplies. This category also includes supplies used for extracurricular activities.

## Category 5-Other Instructional Costs

## (1.3 percent)

Other Instructional Costs includes all other expenditures for instruction, including contractual services, contractual copier maintenance, reimbursement for out-of-county tuition, consultants, equipment, school furniture, local travel, facilities rental, and miscellaneous expenditures related to instruction.

## Category 6-Special Education (13.5 percent)

Special Education includes instructional activities for students with disabilities. Special education includes expenditures for students in public schools and for tuition and other expenditures for students in nonpublic institutions. This category includes instructional salaries, textbooks and instructional supplies, and other instructional costs for special education students. This category also includes administrative expenditures for schools dedicated to special education and professional development activities related to special education instruction.

## Category 7-Student Personnel Services <br> ( 0.6 percent)

Student Personnel Services includes activities designed to improve student attendance at school and to prevent or solve student problems in the home, school, and community. This category includes pupil personnel workers and school social workers. This category also includes international student services, student affairs, and court liaison.

## Category 8-Student Health Services <br> ( 0.1 percent)

Student Health Services includes physical and mental health activities that are not instructional and that provide students with appropriate medical, dental, and nursing services. In Montgomery County, nearly all student health services are provided by the Department of Health and Human Services, Division of School Health Services.

## Category 9-Student Transportation (4.5 percent)

Student Transportation includes activities concerned with the conveyance of students between home, school, and school activities. Included are vehicle operation services, monitoring services, vehicle servicing and maintenance services, transportation training, and other student transportation services. This category does not include vehicle operations related to other school support activities.

## Category 10-Operation of Plant and Equipment ( 5.5 percent)

Operation of Plant and Equipment includes activities concerned with keeping the physical plant open, comfortable, and safe for use. These activities include cleaning and regular upkeep of plant and equipment in schools, grounds, and other facilities; and utilities expenditures, including telecommunications, materials management, and security services.

## Category 11-Maintenance of Plant

## (1.5 percent)

Maintenance of Plant includes activities concerned with keeping the grounds, buildings, fixed equipment (other than student transportation assets, and furniture and movable equipment) in their original condition of completeness or efficiency through repair, scheduled and preventive maintenance, or replacement of property.

## Category 12-Fixed Charges (21.6 percent)

Fixed Charges, primarily used for employee benefits expenditures, are charges of a generally recurrent nature that are not readily allocable to other expenditure categories. The following are included:

- Board contributions to employee retirement and social security
- Employee insurance benefits (health, life, accident, disability, etc.)
- Fidelity insurance, personal liability insurance, and judgments
- Interest on current loans
- Tuition reimbursement

Category 14-Community Services ( 0.1 percent) Community Services are activities that are provided for the community or some segment of the community and do not include public school activities and adult education programs. These services generally are provided to adults rather than to school-aged children. These services do not include parent support or engagement activities for the benefit of school instruction.

## SPECIAL REVENUE FUNDS

Below are summaries of the types of expenditures in each of the state funds of expenditure and the percent of each fund to the total operating budget.

## Fund 5-Instructional Television Special Revenue Fund ( 0.1 percent)

Through the MCPS Television Special Revenue Fund, MCPS is receiving revenue from the Montgomery County Cable TV Fund as part of the county Cable Television Plan. The majority of the Cable TV Fund revenue comes from license fees. This revenue is used to support MCPS television services.

## Fund 11-Food Service Fund (2.0 percent)

The Food Service Fund provides all food service and nutrition programs for schools and other customers as an enterprise activity. Revenue for the fund comes from federal and state food aid programs and from the sale of meals to students and other customers.

## Fund 12—Real Estate Fund (0.2 percent)

The Real Estate Fund is used to manage real estate lease revenues and expenditures as an enterprise activity. Revenue for the fund comes from real estate lease rentals, mainly from former schools.

## Fund 13-Field Trip Fund ( 0.1 percent)

The Field Trip Fund provides transportation services for school field trips and external customers on a cost-recovery basis as an enterprise activity. Revenue for the fund comes from reimbursements by students and other customers.

## Fund 14-Entrepreneurial Activities Fund ( 0.3 percent)

The Entrepreneurial Activities Fund provides entrepreneurial activities that earn outside revenue to help defray system costs. Revenue for the fund comes from sales of goods and services to external customers, including other government agencies and non-profit organizations. Entrepreneurial activities do not compete with commercial firms or engage in any activities unrelated to the instructional program. Entrepreneurial activities include warehouse services, printing, sales of curriculum materials, sales of science kits, and other entrepreneurial development activities.

The following tables display actual, budgeted, and recommended funding by state budget category and fund.

## Category 1 Administration Summary of Resources By Object of Expenditure

## MCPS NONDISCRIMINATION STATEMENT

Montgomery County Public Schools (MCPS) prohibits illegal discrimination based on race, ethnicity, color, ancestry, national origin, nationality, religion, immigration status, sex, gender, gender identity, gender expression, sexual orientation, family structure/ parental status, marital status, age, ability (cognitive, social/emotional, and physical), poverty and socioeconomic status, language, or other legally or constitutionally protected attributes or affiliations. Discrimination undermines our community's long-standing efforts to create, foster, and promote equity, inclusion, and acceptance for all. The Board prohibits the use of language and/or the display of images and symbols that promote hate and can be reasonably expected to cause substantial disruption to school or district operations or activities. For more information, please review Montgomery County Board of Education Policy ACA, Nondiscrimination, Equity, and Cultural Proficiency. This Policy affirms the Board's belief that each and every student matters, and in particular, that educational outcomes should never be predictable by any individual's actual or perceived personal characteristics. The Policy also recognizes that equity requires proactive steps to identify and redress implicit biases, practices that have an unjustified disparate impact, and structural and institutional barriers that impede equality of educational or employment opportunities. MCPS also provides equal access to the Boy/Girl Scouts and other designated youth groups.**
