Introduction

I am going to tell you about Japan's interesting culture and other things. Read on to find out about Japan.

Birch trees in Japan

Geography & Land

Japan is a small country in Asia. It is also an island. Korea is near Japan. Korea is the only country that is nearby Japan because Japan is at the end of Asia. The bodies of water that surround Japan are Sea Of Japan, East China Sea, Philippine Sea, and North Pacific Ocean. So when you visit Japan make sure you don't fall in the water!

Map of Japan

History /Government

Japan is a very interesting country. Japan has an emperor. In 2002 Japan had one of most people in the country. So make sure you don't get lost.

Japanese flag

People/ Culture

Japan has a lot going on. In Japan people speak Japanese. People eat sushi, rice and seaweed. Some kids even eat McDonalds!! In Japan they eat so many different types of food. In Japan, they celebrate New Years Eve and hold parades. Some people make electronics. Japan is famous for making inventions.
