

SERT Flash

School Energy and Recycling Team

Hello, my name is Barbara Ruppel, and I am the SERT Program Communications Specialist, I would like to invite your school to participate in the "SERT Reach Out Program". My plan is to visit schools during their lunch period, set up a table showing a centralized recycling station and SERT promotional material, to promote a culture of conservation through recycling and energy savings in our schools. I will be at the table for questions and to make a SERT presence for those students who might not be aware of our program. This is a great time to start an awareness of new ideas, or bring old ideas out of the closet. I have already gone out to nine high schools in Montgomery County and this program has been very well received by the students and staff.

Please take a minute to consider this opportunity and get back to me if your school is interested in this opportunity. Thank you for your continued interest in recycling and energy savings for MCPS. I look forward to working with your school. You can either call or e-mail me so we can set a date for my visit.

Thank you.

Schools already participated

Montgomery Blair HS

Robert Frost MS

Richard Montgomery HS

Paint Branch HS

Springbrook HS

Wootton HS

Gaithersburg HS

Magruder HS

Northwest HS

Rocky Hill MS

Watkins Mill HS
