### SERT Ice Breaker

Try to find someone in the room that can answer yes to any of these questions and write their name in the corresponding box. When the instructor calls time, your class will compare answers. The object of the game is to have the most boxes filled with different names.

Someone in my family owns a hybrid car.	We hang our laundry outside to dry.	I ride my bike short distances to avoid getting a ride.	We have CFL light bulbs in our home.
Our computer(s) are turned off after use.	Our printer is turned off after use.	I turn the lights off in my bedroom when I leave.	I turn the faucet off while I brush my teeth.
I turn off my computer games when not in use PS2, etc.	I unplug the chargers to my handheld games, cell phones, etc., when not in use.	I ride a bus to school.	I ride the subway when I go to Washington, D.C.
I have ridden in a Ride-on bus to travel locally.	I am in a carpool for an after school activity.	The TV is on only when someone is watching.	One of my parents takes public transportation to and from work.

Fax any activities into our office for your active school file!
