

*We recycle. Yes we do. We recycle.  
How about you?*

SERT is charging all high schools to demonstrate their recycling spirit! Help us increase your schools recycling rate by promoting recycling at all MCPS high school extra curricular activities. SERT encourages schools to increase awareness through delivering announcements at all MCPS sporting venues to promote responsible recycling. We have included below a few suggestions for public address announcements that can be made during events. Thank you.

- MCPS has placed recycling bins at your stadium, so please remember to recycle your empty bottles and cans after you finish
- We recycle, yes we do, we recycle how 'bout you? Recycle all of your empty bottles and cans in the recycling bins located on the ground level of the stadiums, thank you.
- Show school spirit by remembering to recycle. Toss your bottles and cans in the recycling bins located on the ground level of the bleachers, thank you.

Does your school have recycling spirit?

Demonstrate your spirit to SERT staff to qualify for a recycling reward. Please invite SERT staff ([SERT@mcpsmd.org](mailto:SERT@mcpsmd.org)) to your MCPS High School functions to show off your spirit (cheers, chants, songs, skits, announcements, mascot, ushers, etc.)

Fall contest September 1st - December 31st –Winners announced January 13th
