It is important that you understand FMS account numbers and what each part of the number means. The Controller's office will be sending account information to you soon. Understanding these numbers will help you when you create your school accounts. Here we have broken down a sample account number to show you what each group of numbers represents and what FMS Account Field each group of numbers belongs to...

If the account number is...

01.02051.051.04.503003.000000.0000.0000.00

Then place the numbers into these FMS Account Screen Fields...
