Special Education Services
<p>The Longview School provides comprehensive educational services in a center-based program to students 5 to 21 years of age with severe to profound disabilities and/or multiple disabilities. Longview students are often challenged with: expressive and receptive language delays, limited motor functioning, visual and/or hearing impairments, medical or physical problems, or traumatic (acquired) brain injuries. Instruction is based on the Fundamental Life Skills and State curricula as modified by the student's IEP. Emphasis is placed on the use of assistive technology, augmentative communication, self-help skills, mobility, and job-related skills. Longview staff, using a transdisciplinary model, helps each student maximize his or her potential adhering to the Success for Every Student philosophy.</p>
