BALLOT ISSUES School Name:_____

RETURN THIS RECORD EVEN IF THERE WERE NO BALLOT ISSUES!

CODE	SCENARIOS	ACTION
1	Student is currently enrolled in your school. He/she transferred here from another MCPS school after the registration data was entered so his/her name is not on the registration list.	On the chart below, mark the student for voting. Call the election call center for directions.
2	Student is currently enrolled in your school. He/she transferred/enrolled here from outside of MCPS schools after the registration data was entered so his/her name is not on the registration list.	On the chart below, mark the student for voting. Call the election call center for directions.
3	Student is and has been enrolled in your school. His/her name will not come up on the registration list.	Call the election call center for directions. If the election center says that the student is already marked as voting and the student voter access card is in the "used" voter access box (exiting the polling place), this student may not vote again.
4	Student who requested early voting because they said that they, individually or as part of a field trip, would not be present on election day). Their "voter access card" was not used and is with the other voter access cards.	**This student may vote**. If in reality the student didn't vote early, the ID/Password on the voter access card will still work.
5	Other situations	Call the election call center for directions.

CODE	PRINTED STUDENT NAME (be sure it is readable!)	GRADE	Verification by adult supervisor if required
