### CONDITIONS:

(\*1) Until September 1, 2009

(\*2) With Conditions - Staff may use FileMaker at home if the staff member is the Primary User where FileMaker is installed.

(\*3) Take home rights are limited to the number of licenses, which is 60 in middle schools.

Note: If your school does not have a software title, you are not eligible to use it.

If you have any questions about the school software, please contact your Technology Consultant or your local Information Technology System Specialist (ITSS).

For a loading disc for McAfee or FileMaker, email the Help Desk with your request.
