

Baker Middle School

Student Ambassador Mentor Program

As a motion towards a high standard of excellence, the counseling department recruits student ambassadors to facilitate student mentorship, integrity, school-spirit, school commitment and student safety throughout the student body.

We are looking for individuals who are interested in making Baker Middle School a welcoming environment.

- Student Ambassador Mentors (SAMs) are responsible for helping incoming 6th graders make an easy transition from elementary school to middle school.
- SAMs are responsible for helping new students feel welcome and fit in at Baker Middle School.
- SAMs may be asked to help a student who needs help getting around the building because he/she is on crutches.
- SAMs may sign up to be guides or helpers at BMS after-school or evening events.
- As SAM, you are expected to make a year-long commitment to the program. Although the commitment is not extremely time-intensive, dedication to your team is important to establish good relationships with the Baker Middle School community.

It is necessary for all Baker Middle School Ambassadors to:

1. Be willing to meet new students, show them around campus, and make them feel at home at Baker Middle School throughout the school year. In addition, SAMs can sign up for various school events to help with evening or after school events. (For example, Back to School Night in September, Sixth Grade orientation, etc.)
2. Demonstrate the pillars of Character Counts (Trustworthiness, Respect, Caring, Responsibility, Fairness, Citizenship)
3. Have eligible status and demonstrate good work study habits in your classes.
