Thank you for your support!

**We're proud to boast the accomplishments
of the 2010-2011 Baker PTA:**

Mobile Computer Lab

The PTA fundraised/coordinated/purchased 20 laptops for use by students in the classrooms. (15 computers purchased with accrued funds)

Promethean Board

Promethean boards are 4'x5' interactive (*very expensive*) white boards that enhance learning in the classroom. Not all classrooms have these but your student has used them. The PTA purchased a board for the community-based classroom and a set of interactive devices.

Butterfly Garden

The PTA coordinated the funding for a butterfly garden to be planted on school grounds and used in the science classes.

National Jr. Honor Society

The PTA fully funded a chapter being formed at Baker this year.

Fall and Spring Book Fairs

Thanksgiving Lunch

Funding for team building exercises for each grade

Winter Bingo Night

6 Staff Appreciation Events

Educational Speakers during PTA meetings

Supplemental funds for each department

Record-high PTA Membership – recognized by Maryland PTA
