

# CJMS STEP TEAM 08-09

CJMS Step Team tryouts are on-going during the school year please see Ms. Bishop for any additional information. Step Team members will meet every Thursday of the week after school in the Cafeteria.

The Step Team is a combination of stepping and dancing. Joining the team allows your child to express him/herself through stepping and dancing. It consists of handclaps and foot stomps, while using a variety of other body parts to create rhythms. Occasionally chants and songs are added to the beats.

The Step Team has been created as a creative outlet for our young people to express and create positive images of themselves.

This club is open to any student with a positive attitude who is willing to work hard and learn about this age old tradition.
