Roberto Clemente Middle School After School Activities Program 2010-2011

Roberto Clemente Middle School After School Activities Program offers a variety of after school activities for the current academic year, 2010-2011. On Tuesdays, Wednesdays, and Thursdays, (except on half days or the day before a school holiday) students have the opportunity to practice leadership skills and improve their abilities in academic, musical, and athletic endeavors. Under the supervision of a supportive, caring, and competent professional staff member or volunteer, a student will often develop an avocation that will remain a life long interest and source of enjoyment.

The After School Activities Program is supported by the availability of transportation. On Tuesdays, Wednesdays, and Thursdays, three activity buses depart at 4:15 PM. Students must obtain an activity bus pass from the sponsor of the activity, and then present it to the bus driver. Students will not be allowed to take the activity bus without this pass. In addition, students who are absent the day of an after school or evening activity may not participate in the activity.

Extracurricular Activities Fee Collection Procedures

Montgomery County Public Schools (MCPS) requires a fee for all middle school and high school students participating in extracurricular activities. This yearly fee of \$20 covers all activities that a student may choose to participate in during the school year. An extracurricular activity is defined as any activity for which there is an adult supervising students beyond the instructional day in a school-sponsored activity. ***A fee is not required for students receiving academic assistance such as homework clubs and math help.**

Pre-printed Extracurricular Activity Fee (ECA) forms are available in the main office or on the MCPS website

(<http://www.montgomeryschools.org>). Payment should be sent directly to the address listed on the form (**please, do NOT send payment to the school**).

There will be no refunds.

There is a sliding fee based on household income. It is as follows:

- Gross family income above \$35,000 -- Fee \$30
- Gross family income less than \$35,000 -- Fee \$15

Academic Eligibility

The MCPS policy established eligibility standards for participation in extracurricular activities which is very clear (Policy IQD, Regulation IQR-RD for Middle School Students). In summary, it reads: *The policy will not apply to 1st quarter for 6th grade students or any student entering MCPS schools for the first time. It also does not apply to students engaged in activities which are extensions of a graded course. Students in grade 6-12 must maintain a 2.0 grade point average with no more than one "E" in the previous marking period to be eligible to participate in the listed activities. A student's report card will state whether they are eligible for extracurricular activities.*
