What is Edline?

Edline is a Web-based classroom-to-home communication system available through the Internet requiring a valid user name and password to access student information. Student achievement information, such as individual assignment and assessment (class quizzes and tests) scores and current course averages are available for each class. Parents and students will have separate Edline accounts. Students should use their assigned account (and not their parent's account) while parents should use their assigned account (and not their child's account). Parent accounts can be linked to each enrolled student. Once users (students and parents) receive an activation code, they will establish their own user id and password.

Tips for Successful Edline Usage:

1. Keep your e-mail address current and updated.
2. Set up a security question in case you forget your user name and password.
3. Use the "Help" key on Edline to help you navigate through any difficulties you may have.
4. Go to "Account" to change your email address, password, or security question.
5. Access Edline by going to Clemente's website and click on "Edline".

Frequently Asked Questions (FAQs):

Who do I contact to get an activation code? [Pam G Lloyd@mcpsmd.org](mailto:Pam_G_Lloyd@mcpsmd.org).

Where can I get directions to activate my Edline account? You can find a link to directions on the school web page or you can go directly to:

<http://www.montgomeryschoolsmd.org/departments/oars/activate.shtm>

If I forget my screen name and password, what do I do? Go to Clemente Edline homepage link and click "I Forgot..." Follow the prompts. If you still need help e-mail Pam Lloyd.

What if I have more than 1 child in a school that subscribes to Edline? Will I get multiple activation codes? You will receive an activation code for every child you have enrolled in an MCPS school that uses Edline. When you first activate your code, it is important that you combine your accounts.

What if I have an existing Edline account and want to add a new account? If you already have an Edline account and you want to combine your new account with your existing account, click on combine accounts.

How often will new grades appear on Edline? Teachers will enter grades within three weeks of each assignment's due date. All grades automatically are posted to Edline from the teacher's electronic grade book daily.

How will I know when teachers have updated their grades? Edline can send you a "new report alert" e-mail message when new school or class reports are posted for your child. You decide whether you want Edline to send you these messages. To do this, click "Account" and go to "Manage Account."

If I don't have computer/ Internet access, what can I do? All Montgomery County Public Libraries have computer/Internet access for patrons with valid identification.
