

Using your Family Connection Account

All students at GHS should be using the Family Connection website. This is a great place to research colleges, search for scholarships, see when colleges are coming to visit Gaithersburg, and view how former GHS students fared trying to get accepted into specific colleges with certain grades and test scores. Plus, students will receive via their email addresses important information concerning jobs, internships, open house dates at colleges, and scholarship information. Here is the information you need to access your account. If you have any questions about this, please come to the College Career Center and we will help you.

Go to the **GHS home page** and click on the **Family Connection box** on the right hand side under the calendar.

Your login is your email address.

Your password is your student ID number without the graduation year.

Guest access for scholarship information is available by just clicking on guest.

For parent accounts, please contact the College Career Center.

From the Family Connection home page, you chose from the following tabs:
