

## NBMS INKJET RECYCLING PROGRAM

Montgomery County Public Schools has joined with the GreenFund Network to raise money for school programs by recycling used Inkjet printer cartridges.

For every cartridge you turn in to NBMS, the GreenFund Network, [www.greenfundnetwork.com](http://www.greenfundnetwork.com), will donate \$.05 to Earth Share, [www.earthshare.com](http://www.earthshare.com), a national organization supporting recognized conservation and environmental agencies. Also, North Bethesda MS will receive a \$1.00 MCPS warehouse credit for each cartridge that is turned in.

You may recycle **any** Inkjet cartridge. Look for the Inkjet recycle box located in the NBMS main office.

For additional information you may visit the MCPS recycling web page at [www.mcps.k12.md.us/departments/recycling](http://www.mcps.k12.md.us/departments/recycling).

**Thank you for your support!**
