## Summer Assignment: Spanish 3

[¡Bienvenidos a Español 3!](#)

\*Write a one page essay about yourself in Spanish (typed, double spaced, 12 pt. font) and be prepared to turn it in on the first day. Be sure to include: where you live, what you are like (personality traits, a description of yourself), who your friends are and what they are like, and anything else about yourself you would like to include (sports, hobbies, etc...)

It is important to continue your Spanish Language Learning during the summer. For your summer assignment, you will be asked to visit the **Realidades 3** websites and complete grammar, reading, writing and listening activities. You may either print out the activities from the website to turn in on the first day of school, or you may write your answers on loose leaf paper to turn in on the first day of school.
