

Name \_\_\_\_\_ Date \_\_\_\_\_

**2 and 3-digit addition with regrouping**

1. Go to the following website: [http://nlvm.usu.edu/en/nav/vml\\_asid\\_154.html](http://nlvm.usu.edu/en/nav/vml_asid_154.html), which can also be found on the OT website under MATH WEBSITES/GRADE 2 UNIT 3/YELLOW #1
2. Under COLUMNS, click the down arrow until there are 2 columns.
3. If there are more than nine ones, you have to regroup. Left click on your mouse and hold down. Make a rectangle around 10 ones.
4. When the 10 ones turn into a ten, then drag the ten into the tens column.
5. Record what you have done.

**Record the beginning of the problem**

**Record the end of the problem**

10's	1's	Problem		10's	1's	Problem
		36 + 25				36 + 25 = 61

**Click new problem and record your work as you solve the problem.**

10's	1's	Problem		10's	1's	Problem

10's	1's	Problem		10's	1's	Problem

10's	1's	Problem		10's	1's	Problem

10's	1's	Problem		10's	1's	Problem

10's	1's	Problem		10's	1's	Problem

Now, change to three columns. Record your work as you go.

100's	10's	1's	Problem	100's	10's	1's	Problem
			465 + 156				465 + 156 <hr/> 621

100's	10's	1's	Problem	100's	10's	1's	Problem

100's	10's	1's	Problem	100's	10's	1's	Problem

100's	10's	1's	Problem	100's	10's	1's	Problem

100's	10's	1's	Problem	100's	10's	1's	Problem

100's	10's	1's	Problem	100's	10's	1's	Problem
