Dear Parents and Guardians,

The staff and I have begun to look at the organizational structure of our school for the 2009-2010 school year, based on projected enrollment numbers and the staffing allocation for next year.

Beginning in late May, I will be working with grade level teams of teachers to develop tentative class groupings. The groupings are subject to change due to enrollment increases or decreases during the summer. Our goal is to create a positive learning environment for all students. We consider the students' learning styles and balance classes in terms of gender, ethnicity and skill levels. In addition, we group students for optimal support in resource, speech/language and ESOL.

To assist us with the process of forming classes, I am asking that all parents complete the form below, one form for each child, regarding your plans for next year. Please return this form to your child's teacher on or before Friday, May 15, 2009. You've also been given the opportunity to complete a Student Information Profile Sheet, which is a valuable form of your input as we create classroom assignments.

Thank you for your support.

Sincerely,

Christopher Wynne
 Principal
