The following is a step by step process on how we process transcript requests:

1.) Counselors meet with the senior class in September to review the college application process and to hand out college materials: a transcript request card, a Secondary School Report Form, 3 teacher evaluation requests, activities form, and a student self evaluation.

2.) Students fill out all of the above forms and turn them in to the registrar with the exception of the teacher evaluations (teachers will turn those in directly to the registrar). **The registrar WILL NOT accept teacher evaluation forms from students.**

3.) The registrar will place all forms received in each students' senior folder. Once their folder is complete, including the teacher evaluations, students may submit envelopes to begin the recommendation process. **(The recommendation process will NOT begin until all forms are in the senior folder)**

4.) The student brings 9x13 brown envelopes (addressed & with 3 stamps) to the registrar that get recorded on the transcript request card. Once the envelopes have been logged in, packets are prepared for each envelope and handed to the counselor for the recommendation request.

5.) The counselor takes the student's senior folder with the envelopes and the transcript request packets and begins the student's recommendation. Once the counselor has completed the recommendation they return the student's senior folder to the registrar for mailing.

6.) The registrar makes copies of the counselor recommendation, finalizes the envelope packets, marks the mail date on the transcript request card and places them in the mailbox.
