

LFI Phone List

I would like to create a phone list for our class. Thus enabling the lines of communication between the parents and students who are in my class and encouraging outside-of-school activities for my students. The information that will be displayed will include: Parent(s) Name(s), Student Name, Address, Phone Number, and Birth Date. Please chose the appropriate box below and return the paper to me and I will create a phone list. Thanks again for your help and support.

Ms. Vancavage 😊

Please return this phone list permission slip to me 😊
