My student is affiliated with the following Walter Johnson athletic team:

Due to the nature of our Fall season - where we are "guests" even when our team is considered the "HOME" team, we have been given permission to allow our fans to use their season passes at designated "HOME" games for the various teams. The funds generated by the sale of these passes will go directly to our school athletic budget - and will greatly assist with the increased costs related to the relocation of many of our athlete's games. As a fan, it is also a GREAT deal, as each season pass is accepted at all designated "HOME" games - not just the games of the team your athlete plays for. This is especially beneficial for our STUDENT fans - who will be required to pay an entry fee at every game they wish to attend, and may not always have \$3 in their pocket. Due to the nature of all our fall athletic teams being relocated to other school venues, some teams may be required to pay an entry fee that traditionally at WJ was not required. Gate receipts that are required by MCPS are: JV and Varsity -Football, Soccer, Basketball, Wrestling, Lacrosse. Gate receipts that are optional are: Field Hockey, Girls Volleyball, Coed Volleyball, Boys Volleyball, Softball, Baseball. Some of the schools charge for every game that is played at their school. Some only do the required. A lot of times it depends on the layout of the facility. Because of the financial obligations of today's world more schools are beginning to charge for the optional gate receipt. By purchasing a WJ sports pass this year, fans will support WJ while still having entry access to "HOME" games at another school.

To determine which games are "HOME" please refer to the online athletic schedules that are posted on the Walter Johnson website athletics page.

Distribution of passes: For the Fall season only: ***Please indicate on the form which athletic team you are affiliated with (have a student on the team) as we will distribute the passes through the team commissioners.*** If you are NOT currently affiliated with a team, and wish to purchase a pass, please indicate that and we will contact you when the pass is available. *This distribution format will change with our winter season.*
