

ATTENTION OAKLAND TERRACE AND WOODLIN FAMILIES!

Downcounty Consortium Elementary School #29

This school is being built on the grounds of the former McKenney Hills Learning Center to relieve overcrowding at Oakland Terrace (OTES) and Woodlin Elementary (WES). Children currently in grades 2 through 5 will not be affected by this new school. However, current kindergarten and first grade students, as well as future students, may eventually be students at this new school. We need your input into the design!

Meeting locations will rotate between OTES and WES. You should attend meetings at both locations, not just those at your current school. Meetings will include staff from the design firm Grimm and Parker as well as MCPS staff.
