

Action Plans

Action Plan for: BEST PRACTICES

Objective 1

Activity Steps	Person/Group Responsible	Timelines for Completion	Resources Needed	Evaluation/ Indicators of Success	Date Completed
Implement a school-wide system of collection and dissemination for Best Practice Ideas	Action team members Web master from action team	First round of ideas distributed by Spring, 2005	First class Wootton web site Hard Copies	Increase the use of new teaching techniques by the faculty Increased sharing of ideas among the faculty. Best practices survey results	Annually beginning 2004-2005 school year.

Describe how the action plan was developed.

The Best Practices Action team identified a variety of ways that creative and efficient teaching techniques could be collected and then disseminated to all staff on an on-going basis.

Describe how the action plan supports the mission and objectives.

As teachers are exposed to new ideas that enhance learning or improve efficiency we assume that instruction will improve and standardized scores will improve.

Describe how the necessary resources will be committed to ensure the success of the action plan.

All resources needed for this project are currently available.
