

## Adobe Reader "Read out loud"

Adobe Reader offers a "read out loud" function which provides text to speech for pdf files

Open an adobe (pdf) file.

Toggle to the "view" screen and scroll down to "Read Out Loud."

Select "Activate Read Out Loud."

Then select how you want the document to be read "Read This Page Only" or "Read To End of Document." Note: there is a slight delay before the reading starts

Note: If you want to make a different selection, you have to go to View, Read Out Loud first, and then make you selection.
