Do you have a child or youth that is:

- having problems with their behavior in the classroom, home or community
- absent often or has missed several weeks of school
- at risk of or is likely to be in a gang
- at risk of an out of home placement (i.e. kinship care, group home, foster care, or stuck in an acute care facility)
- returning home from a psychiatric hospitalization

Call the Pathway to Services Office at 301-354-4905 and speak to Patty Brown to see what services may be available for this child and family. This is a family-friendly gateway of services and supports to help children with emotional and/or behavioral needs. The dedicated, bi-lingual staff member engages families and other providers involved in the life of a child by connecting them to resources in the community.
