

BEACH

BY : YESSICA

I saw the beach dancing with the sand.

I saw the water crash and splash.

*I saw the sand drowning when the waves splash
on it.*

The trees are as hard as shells in the water.

*The sand slides and slips through the water when
the water makes a big wave.*

The wind whirls and makes a woooo!! Sound.

The beach is a calming place to be.

*The beach is the most beautiful place I have ever
been.*

It makes me feel very calm.

Also it is very fun and exciting to be there.
