

Dear _____,

Sincerely,

Westover Elementary School
401 Hawkesbury Lane
Silver Spring, MD 20904

Dear Westover Kindergarten Students,

This summer we hope that you will engage in many fun and relaxing activities including reading and writing! Please use the attached postcard paper to tell us about the best book you read this summer. On the reverse side of the postcard, draw a picture of your favorite part of the book. Return the completed postcard to your first grade teacher in the fall. All postcards that are returned will be displayed on our school bulletin board. We can't wait to see what your favorite summer read was!

Additionally, below you will find a list of suggested reading and writing activities to keep you sharp all summer long! Don't forget to check out the literacy websites to read books online, play games, and practice language skills.

Happy Reading!

Mrs. Patel

SUMMER READING & WRITING

You've heard of the expression "If you don't use it, you'll lose it." That's certainly true for reading. Don't fall into "summer slide" and let all your hard earned reading skills regress. Children that read and write over the summer months not only maintain their reading skills but often may even manage to improve them! Check out all the other ways to stay engaged in literacy activities below.

1. Join the Montgomery County Public Libraries Summer Reading Program--"A Universe of Stories" Participation is free, easy, and you can win cool prizes and badges! Check out the book lists by grade level.

2. Keep a diary of your summer trips and experiences. You can even add photographs.
3. Keep a writing journal. Write about anything. See the July writing calendar for ideas.
4. Stay in touch with family and friends. Write them an email or letter.
5. Start a book club with some friends. Read and discuss books together!
6. Make or do something! Books can teach you everything from how to draw a dinosaur, cooking a meal, to planting your own garden.
7. Play board games like Scrabble, Apples to Apples, Boggle, Don't Say It, Taboo Junior, Zingo.

8. Read and/or play literacy games online.

9. Visit the zoo, aquarium, museum, or nature centers. Observe what you see and ask questions. Research areas of interest to learn more and become an “expert.”
