## IMPORTANT COURSE SELECTION INFORMATION

1. Each student must enroll in the equivalent of **seven** classes, one for each of the periods in our daily schedule.
  - a. If a student enrolls in a double-period course, they will only select six classes.
  - b. If a student does not enroll in a full year elective course, then they must choose one of the elective pairings comprised of two-one semester courses. This would mean 8 courses will be selected.
  - c. If a student enrolls in a high school credit class, be sure to register on-line for both the A (semester 1) and B (semester 2) sections of the course. This would mean 8 courses were selected.
  - d. If a student enrolls in two semester long electives (to equal a full year) and a high school credit class, then they may show as being registered for nine classes.
2. Course recommendations can be found in the on-line scheduling program. Click the content area. When the chart comes up showing the course options, click on the "Alerts" column on the far right at the top. All recommended courses should move to the top for easy viewing. These recommendations are tentative pending final performance and assessments from 7<sup>th</sup> grade.
3. Investigations into Science 8, ADV US History 8, ADV English 8, and Health/Physical Education 8, have already been selected as each student will automatically be enrolled in these courses.
4. The elective selections are for the full year unless labeled otherwise. Please indicate your student's 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choices on the registration card and only register for their 1<sup>st</sup> choice on line. We do our best to honor first choices. However, if there is a schedule conflict we will work to enroll students in their second choice.
5. Students who enroll in a high school credit course are expected to maintain an A or B average in that course.
6. \*Students enrolled in a World Language, Algebra, Honors Geometry, Intro to Engineering Design (IED), and Foundations of Computer Science will earn high school credit if all criteria are met.
7. **Chinese 1A/B and Chinese 2A/B will be held at BCC High School during period 1.** Transportation will be provided to transport SCMS students to and from BCC-HS.
