Note. Ineligibility rates are reported for students (stud.) who were enrolled in the same high school from August to June and received marks for all four marking periods (MPs). Results do not include students who took the Alt-MSA during any of the school years (2004–2005 to 2009–2010) or were enrolled in ESOL level 1 or 2 at the end of the school year. The sums of the percentages may be 100 ± 0.1 because of rounding.
