

# HIGHLIGHTS IN ART

This quarter we are featuring our Kindergarteners, First Graders and Third Graders with photo highlights from Art Class.

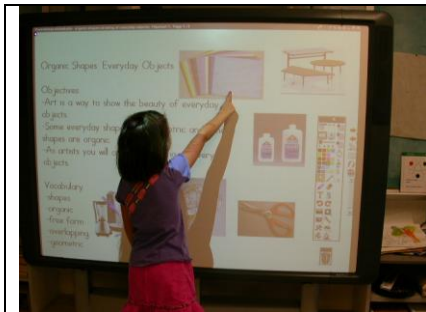

## Third Graders

The 3<sup>rd</sup> graders are using the images on the *Promethean Board* to identify complimentary color sets on the color wheel.

Here they are contrasting black and white patterns with a complimentary color scheme.

## First Graders

First Graders are identifying the geometric and organic shapes that they see in the art room.

They are intensely at work, using bright markers to color their organic and geometric shapes.

Continue...

## KINDERGARTENERS

Kindergarteners are mixing primary colors in order to create secondary colors.
