

AEHS Booster Club News-New Officers, etc.

As I close out my term as President of the Albert Einstein Booster Club, I want to take a moment to thank all of the parents, student athletes, coaches and administrators who have put up with me and helped make the last few years such a success.

We have gone from an old wooden sign to an electronic marquee that is updated with wonderful stuff daily!

We have created a Hall of Fame to honor the student athletes that have given their very best for the school.

With the tremendous year we had with mulch and concessions, we will be upgrading the sound system in the stadium so that next fall and spring (and for years to come) our opponents will hear us "loud and clear". Mr. Fernandez has assured me I get to play the first song!

I also want to thank the following parents for stepping up and filling the open positions in the Booster Club:

Susan DeFord-President
Thomas Giblin-Vice President
Chris Grewell-Treasurer
Lily Pratt-Membership
Kirsten Paulson-Recording Secretary
Shannon Billings: Correspondence
Kelly Giblin-Mary Wormley-Concessions
Gigi Wilson-Merchandise

We have seen what consistency in coaching can do for our teams with Track & Field, Co-Ed volleyball and JV Baseball all having fine seasons. This is only the beginning.

We got a lot done, we've got a lot more to do, and we can't do it without YOU!
Please, support your kids and join for 2007-2008!

Malcolm Wilson
AEHS Class of 1973
