Accessing Online Resources at Home

1. Access the Montgomery County Public Schools home page (<http://www.mcps.k12.md.us/>)
2. Click on the yellow "For Students" tab located near the top of the page
3. Under "Homework Help," click on the "Homework Resources" link
4. Select an online service from the middle blue column called "Subscription Services"
5. Click on the link for the selected online service and you may be prompted for a login and password

6. Type in the login and password to access the online resource

**Montgomery County Public Library Online Services
Student and Teacher Use Policy**

Students and teachers may access Montgomery County Public Library's (MCPL) online services through the MCPL homepage by using the barcode numbers on the back of their individual public library borrower's card. Library media specialists are directed to facilitate this access by doing the following: (1) encouraging students and teachers to apply for public library cards; (2) acquainting them with the MCPL homepage and the number and variety of resources, including the online services that it makes available to Montgomery County citizens in the libraries and through remote access; and (3) instructing students to use their public library cards if they want to access these resources. Library media specialists will include a direct link to the Montgomery County Public Libraries' homepage on their individual school library media programs Websites, not to the online information databases.
