

Highland View's Children — Soaring to New Heights!

Principal's Page

December 15, 2011, Number 7

Happy Holidays! Happy New Year!

On behalf of the Highland View staff, I would like to wish our students and families a joyous holiday season! During this special time of year, we make an extra effort to let those around us know how much we care about and value them. We want you to know how much we care about our students, and how much we value our partnership with our families. The relationship between home and school is an important part of our students' success. As a staff, we work hard all year to impart the knowledge and skills that will last our students a lifetime. Our families' support in this process is essential and very much appreciated.

As 2011 draws to a close, we become excited for the prospect of a new year. We reflect on the joys and challenges of the past, and we look forward with great anticipation for what is to come. In 2012, let us continue to work together with heart and enthusiasm so we can ensure that each of our students will soar to new heights!

Math Night

Thank you to all of our families for supporting Math Night. It took place Thursday, December 1. We were so pleased to see such an incredible turnout! We started the evening with a pizza dinner, and then the students and their families moved to the classrooms to practice their math skills. It was so wonderful to see so many families working on math games together in the classrooms! The feedback we have received from the evaluations is very positive, and we are so glad the evening was a success.
