the Parent-Teacher Association (PTA)

I, _____, want to be involved in my child's school. This commitment shows my child how important education is and how we can work together as a community.

I will... Join the PTA

When you join the PTA, you are simply supporting the work that is outlined in the PTA handbook. Your membership does not require volunteering, joining a committee or attending a meeting. When you join the PTA, you simply stand with the PTA in support of our ONE school, ONE community and ONE purpose.
