

World Languages

(Formerly called Foreign Languages)

Two years of a World language are required by **most** colleges and universities for undergraduate admission. *The Maryland State System of Universities and Colleges presently requires two years of a Foreign Language as a minimum entrance requirement.* While no universal standard exists, we recommend visiting the admissions section of specific colleges and universities for their unique requirements. In recent years, many colleges and universities have begun advising applicants to complete 3+ years of the same language.
