783410	Human Behavior	11-12	Completion of Health requirement

*This one semester course completes the health requirement for graduation.

Physical Education Interns

On Site

This internship is designed for students interested in receiving internship credit for a position at school such as Cougars in the Classroom and web-page designers. Cougars in the classroom allow students to participate in developing lesson plans and tutoring students in the classroom so that students can learn if they want to pursue a teaching career. On-site student internships give the students an opportunity to learn directly about jobs in education or other fields such as computers, field maintenance and working with special needs students. Students can enroll through an application.

Code	Course	Grade	Prerequisite
781340	Internship A	11-12	Completion of PE requirement
781640	Internship B	11-12	Completion of PE requirement
