

Richard Montgomery High School
 250 Richard Montgomery Drive
 Rockville, Maryland 20852

IB Office: (301) 610-8100
 Fax: (301) 517-5920

Student Name: **IB Student**

Dear College Admissions Officer:

This letter certifies that the student listed above is a candidate for the full International Baccalaureate Diploma at Richard Montgomery High School, one of the nation's strongest IB schools. The International Baccalaureate Magnet Program at Richard Montgomery High School is a program that combines the rigor and challenge of the IB curriculum with a competitive, countywide student selection process. Academically exceptional and motivated students apply for admission. As a result of the competitive selection process, the level of instruction in preparatory "Pre-IB" and IB classes is considerably more demanding than that in the traditional high school honors program or an AP program.

Students who complete the four year International Baccalaureate Magnet program at Richard Montgomery are prepared for the demands of a collegiate experience. The philosophy of the IB program develops creative and critical thinkers, and cultivates students who are risk takers, knowledgeable, open-minded, and reflective -- the type of student our twenty-first century needs.

Sincerely,

Jennifer Hoover
 Magnet Coordinator
 International Baccalaureate
