Girls on the Run

Help Wanted: A few people who want to bring a positive impact to Ronald McNair girls: The GIRLS ON THE RUN (www.girlsonthrunofmoco.org) program has been going strong at Ronald McNair for the past three years. One of the coaches is the parent of a fifth grader and will be moving on to Kingsview. We hope that others will continue GIRLS ON THE RUN at RMES by volunteering to be a mentor/coach. Coaches DO NOT need to be an experienced runner! But they do need to have strong desire to help girls learn about themselves and how powerful they are. GIRLS ON THE RUN provides volunteer coach training as well as CPR certification. A typical commitment is 2 hours a week for 10-weeks. If you are interested please contact Connie Corbett at 301-237-6204 or ccorbett@neamb.com Without coach volunteers, this program could be in jeopardy for next year.

Campbell Labels

Labels For Education is winding down for the school year, but you can continue to clip and save during the summer months, and send in your UPCs next fall to your child's NEW class! Keep using Pepperidge Farm cakes, cookies, breads, crackers, and Goldfish; Campbell's pork 'n beans and Prego sauces and clipping

the UPCs! REMEMBER...to clip the UPCs before you throw away or recycle the containers! Save the UPCs and put them in a regular sandwich bag marked with the name of your child's teacher and then just send it into school next year! And congratulations to Ms. Shorter's class for submitting the most labels for April!
