

INTRODUCTION

Welcome

Welcome to South Lake Elementary School! The staff joins me in saying we are happy to have you as part of the South Lake family. We look forward to the opportunity to work with you and your children to develop a strong collaborative relationship.

We are using this Handbook as a means of communication between the home and school. It is filled with information that will be of interest and to assist you. Many of your questions have been anticipated and are answered in detail. However, I encourage you to call or write the school should you have any questions regarding policies, procedures and programs discussed in these pages.

Cooperation between the home and school is essential in the important job of educating your children. Parents are encouraged to visit school and to attend scheduled meetings. Education is a “shared responsibility!” It is our hope that this Handbook will promote an understanding of how school works and the high expectations we have set for our students.

Nicole M. Priestly
Principal
