

Silver Spring International Middle School
Graphing Calculator Loan Agreement

According to MCPS, the use of graphing calculators is necessary for students to demonstrate mastery in all math classes from Algebra 1 forward. Since these calculators will be needed from year to year and school to school, students are encouraged to purchase their own. If a student chooses not to do so, the school has a limited number of graphing calculators for students to borrow.

Borrowed calculators will be issued in working condition. Students will be required to replace batteries as necessary and to return the calculators in similar condition. Loss or damage will result in a financial obligation for the full replacement value of \$89.30.

A student may borrow a graphing calculator for the year by completing this form and returning it to the Mathematics Content Specialist, **Melissa Sigley**, located in room 120.

AGREEMENT

I hereby agree that TI-83/84 Graphing Calculator # _____ is being borrowed by _____, a student in _____ (teacher/room #) Algebra 1 course at Silver Spring International Middle School and will be **returned undamaged** at the end of the year.

If the calculator is lost or damaged, I will reimburse Silver Spring International Middle School in the amount of the full purchase of **\$89.30**. I understand that if I fail to make the payment, an obligation form will be written at the end of the school year for the amount still owed.

Date Loaned	Calculator #	Replacement Fee	Cash	Check #
