

Goals

- To provide appropriate materials and technologies to support the demand of the curriculum and the needs of the students and staff
- To implement instruction by emphasizing information literacy skills integrated into content areas
- To plan with teachers for their instructional use of the media center and to implement the Learner Outcomes for Library Media Programs
- To schedule the use of the facility, the collection, and staff time for maximum benefit to the instructional program
- To organize materials for effective use
- To keep abreast of changing curricula and developments in technology
- To provide staff development in the use of technology and its integration into the curriculum
- To encourage students to develop a love of reading; including the implementation of reading incentives
