

Every Child. One Voice

As the largest volunteer child advocacy association in the nation, National PTA reminds our country of its obligations to children and provides parents and families with a powerful voice to speak on behalf of every child while providing the best tools for parents to help their children be successful students.

National PTA does not act alone. Working in cooperation with many national education, health, safety, and child advocacy groups and federal agencies, National PTA collaborates on projects that benefit children and that bring valuable resources to its members.
