

## Birthday Celebrations

This year for Birthday treats I would like to celebrate each individual child's birthday on Friday's throughout the year. I have made a schedule of days when you can bring treats to the office before school or before lunch. We have 25 students this year and will need enough treats for each one. Please keep the birthday snacks simple with an ingredient list included. If you would like to send paper plates or napkins that would be a great help. Feel free to join your child in the cafeteria for lunch on their birthday. The class will have a private celebration in their classroom with their teacher and classmates.
