

MCPS Curriculum Implementation

MCPS is implementing a three-year rollout of new elementary and middle English Language Arts (ELA) and Math (Pre-K-8) curricula to maintain high levels of teaching and learning for all students.

Why is MCPS Adopting New Curriculum?

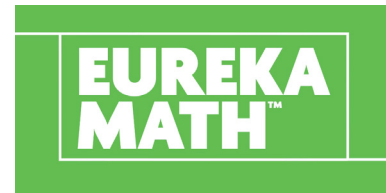

The curricular materials were selected and approved by the Board of Education because of their alignment and coherence to the Common Core State Standards. These materials address areas of need as outlined in the independent audit that was presented to the Board of Education in March 2018 and will continue to allow MCPS to offer challenging curricula that will prepare our students to be college - and career - ready.
