

Northwest High School Activity Bus Information

Activity buses provide transportation for students who stay after school to receive tutoring, study in the library, or participate in school-sponsored activities. All students who are eligible to receive bus transportation to and from school are eligible to ride the activity bus.

Activity buses depart from the upper parking lot **promptly at 4:35 pm on Tuesday, Wednesday, and Thursday**. Since ridership is highest on Tuesday and Thursday, two buses run on those days. The activity buses have designated stops, but the order of the stops is dependent upon the students who ride on a given day.
