

AT Tech Tip: How to Make an Overlay for A Corresponding Classroom Suite Activity

InterACT Team

The Interdisciplinary Augmentative Communication & Technology Team

1. Once you've developed a Classroom Suite activity and are ready to make an overlay for the IntelliKeys, simply single mouse-click on *Options* in the toolbar at the top of the screen and scroll down to *IntelliKeys* and over to *Make Overlay...* and single mouse-click to select.

2. A *Make Overlay* dialog box appears onscreen. The next several screens will guide you through the steps involved in creating an overlay. In **step #1**, select/deselect the items you would like to appear within the overlay by single mouse-clicking in the box beside each item. Then, click *Next*.

3. In **step#2**, use the scroll bar to view all possible overlay layouts. Single mouse-click on the layout you want to select it and click *Next*.

AT Tech Tip: How to Make an Overlay for A Corresponding Classroom Suite Activity

- In **step #3**, select any additional items such as renaming the overlay, adjusting the appearance of the buttons, etc. Then click *OK* to launch Overlay Maker 3.

- Overlay Maker 3 will launch and open your newly developed overlay. Adjustments to the overlay can continue to take place within Overlay Maker. Make sure you save your overlay and print your overlay once all adjustments have been made!
