However, the contract may not begin until one day after approval by the Board of Education and will conclude as stated under the contract term. MCPS reserves the right to extend this contract at existing prices, terms and conditions for up to four additional one year terms. Written notice indicating MCPS intention to pursue the extension of the contract will be issued to the successful vendors 90 days prior to the expiration of the original contract. The vendors have ten days from the date of notification to return the notice acknowledging its intent to accept or reject the extension. Once all responses are evaluated, MCPS staff may make a recommendation to the Board of Education to extend the contract or decide to rebid. If the contract is extended by the Board of Education a contract amendment will be issued

E. Provision For Price Adjustment

Unit prices offered on parts quoted herein are subject to price adjustment downward in accordance with decreases in prices announced by the manufacturer of the subject item any time prior to or after award. Recommendations for awards, however, shall be made based on the original bid submission only.

Subsequent to award, the unit prices quoted herein are subject to price adjustment upward or downward in accordance with increases or decreases announced by the manufacturer after the contract award. The successful bidder must notify the Procurement Unit of any announced manufacturer's price reductions and give immediate benefit to MCPS in a proportionate amount.

Price increases on parts will not be considered for the first 180 days of the contract. Thereafter the successful bidder must submit a written request for price relief. The request for a price increase shall include documentation from the manufacturer to verify the basis for such request. Reductions of discounts offered shall not be considered the entire contract term. Awarded bidder must provide updated price list to apply the discount. MCPS reserves the right to accept or reject the request as may be determined to be in the best interest of MCPS. If the price increase is approved a contract amendment will be issued authorizing the increase. Any orders received prior to a request for a price increase shall be honored at the original contract price.

F. Brand Names

The brand names and code or model numbers in the attached specifications are the exclusive brands desired and substitutions will not be considered at this time.

In the brand column state the brand name, code or model number on each item being offered, even if bidding the specified brand. If a brand and code or model number is not shown your bid may not be considered.

Commodity descriptions that state "Only a specified brand will be considered" are brands that have been evaluated and tested for inclusion on this bid and are the only brands acceptable at this time. Other brands will be evaluated and tested if materials are submitted at no cost to MCPS. Forward samples to Montgomery County Public Schools Procurement Unit, 45 W Gude Drive, Suite 3100, Rockville, Maryland 20850. Testing normally requires a minimum of 60 days to complete; therefore, your samples for testing may be approved for a future bid if the evaluation is satisfactory.

G. Interpretation of Specifications

The commodities listed are specified to meet our minimum requirements. Therefore, bidders are informed that they must provide the items in conformance to quality standards equal to the brand specified.

It is the bidder's responsibility to supply information and proof that the item(s) bid meets all specifications including green product guidelines. The specifications sheet(s) must be legible and clearly marked with the vendor name and MCPS item number for identification. Environmental preferable product documentation must be specific with name and brand being bid.

MCPS will be the sole evaluator in determining item specification compliance and "alternate or equal"

conformance to acceptable MCPS quality standards for all bids submitted.

H. Deviations

All bids meeting the intent of the invitation will be considered for award. Bidders offering and quoting on substitutions or who are deviating from the terms, conditions, and/or specifications shall list such and explain fully on a separate sheet to be submitted with its bid. The absence of such a sheet shall indicate that the bidder has taken no exception and shall be held responsible for performing in accordance with the terms, conditions and specifications as stated herein.

I. Quotations

No bidder will be allowed to offer more than one price on each item even though it may feel that it has two or more types of styles that will meet specifications. Bidders must determine for themselves which to offer. If said bidder should submit more than one price on any item, all prices for that item will be rejected. However, this stipulation does not preclude the offering of new products which do not meet specifications in every respect from being offered as a separate item for consideration for future bids. Such product shall be offered under separate cover, identified as a new product and a brief explanation written as a part of the offer detailing the advantages that can normally be expected of this product over the product specified.

A bidder may restrict its bid to consideration in the aggregate by so stating, but shall name a unit price on each item bid upon. Any bid in which the bidder names a total price for all the articles without quoting a price on each and every separate item may be considered informal. If there is any discrepancy between the unit cost and total cost, the unit cost shall prevail.

This solicitation shall be valid for acceptance during a period of no less than 90 days from date of opening. Once the contract is approved, terms and conditions of the solicitation shall prevail throughout the contract period.

J. Price Lists

Bidder(s) are required to submit with their bid proposal two copies of the current catalogs and price list that will apply to the percent off discount offered which shall become a part of the contract. (Refer to Paragraph E, Provision for Price Adjustment). If a price list has more than one column of pricing, bidders shall clearly mark the column that represents the column that the percentage off discount offered shall apply. If MCPS cannot determine what column and/or catalog applies to the discount, your bid may not be considered for that item. Bidders can provide prices on disk, however catalogs/price sheets are required for evaluation purposes to determine lowest cost to MCPS. Disk will be used throughout the term of the contract for ordering purposes and price updates. New catalogs/disks shall be provided to the Division of Maintenance as updated by the Manufacturer.

K. Quantities

Quantities in this request are based upon prior usage and are subject to change and are dependent upon current requirements of MCPS and on budgetary limitations. However, MCPS shall not be obligated to purchase any specific quantity. Orders will be placed from time to time throughout the contract term for

delivery to individual locations.

L. Safety Standards

All items supplied shall be in compliance with applicable Federal and State Safety Standards.

M. General Warranty

The supplier warrants the items delivered to be of the highest quality, complying with specifications and free from all defects whatsoever in workmanship and materials. W. (Not Applicable) Contractors' Obligation Regarding Criminal Records of Individuals Assigned to Work in MCPS Facilities

Beginning July 1, 2015, all MCPS contracts must include the following provisions:

I. Prohibition against assigning registered sex offenders and individuals convicted of sexual offenses, child sexual abuse, and other crimes of violence to MCPS contracts:

Maryland Law requires that any person who enters into a contract with a county board of education "may not knowingly employ an individual to work at a school" if the individual is a registered sex offender. Under § 11-722 of the Criminal Procedure Article of the Maryland Code, an employer who violates this requirement is guilty of a misdemeanor and, if convicted, may be subject to up to five years imprisonment and/or a \$5000 fine.

Effective July 1, 2015, amendments to § 6-113 of the Education Article of the Maryland Code further require that a contractor or subcontractor for a local school system may not knowingly assign an employee to work on school premises with direct, unsupervised, and uncontrolled access to children, if the employee has been convicted of, or pled guilty or nolo contendere to, a crime involving:

- a) A sexual offense in the third or fourth degree under § 3-307 or § 3-308 of the Criminal Law Article of the Maryland Code or an offense under the laws of another state that would constitute an offense under § 3-307 or § 3-308 of the Criminal Law Article if committed in Maryland;
- b) Child sexual abuse under § 3-602 of the Criminal Law Article, or an offense under the laws of another state that would constitute child sexual abuse under § 3-602 of the Criminal Law Article if committed in Maryland; or
- c) A crime of violence as defined in § 14-101 of the Criminal Law Article, or an offense under the laws of another state that would be a violation of § 14-101 of the Criminal Law Article if committed in Maryland, including: (1) abduction; (2) arson in the first degree; (3) kidnapping; (4) manslaughter, except involuntary manslaughter; (5) mayhem; (6) maiming; (7) murder; (8) rape; (9) robbery; (10) carjacking; (11) armed carjacking; (12) sexual offense in the first degree; (13) sexual offense in the second degree; (14) use of a handgun in the commission of a felony or other crime of violence; (15) child abuse in the first degree; (16) sexual abuse of a minor; (17) an attempt to commit any of the crimes described in items (1) through (16) of this list; (18) continuing course of conduct with a child under § 3-315 of the Criminal Law Article; (19) assault in the first degree; (20) assault with intent to murder; (21) assault with intent to rape; (22) assault with intent to rob; (23) assault with intent to commit a sexual offense in the first degree; and (24) assault with intent to commit a sexual offense in the second degree.

Each contractor is required to submit, following award of a contract, documentation confirming that its direct employees and those of any subcontractors and/or independent contractors assigned to perform work in a MCPS school facility under the contract meet this obligation. Additionally, the contractor must confirm that it continues to meet this obligation on an annual basis and/or when there are changes in the work-force that the contractor and/or its subcontractors use to perform the work required by the contract.

Violation of this provision is a material breach of contract for which MCPS may take appropriate action up to and including termination of the contract.

II. Required criminal background check process for certain individuals in the contractor's workforce:

Under recent amendments to § 5-551 of the Family Law Article of the Maryland Code, each contractor and subcontractor shall require that any individuals in its work-force must undergo a criminal background check, including fingerprinting, if the individuals will work in a MCPS school facility in circumstances where they have direct, unsupervised, and uncontrolled access to children. The term "work-force" in this and the preceding section refers to all of the contractor's direct employees, subcontractors and their employees, and/or independent contractors and their employees that the contractor uses to perform the work required by the contract.

Fingerprinting for the criminal background check may be performed by the MCPS Office of Human Resources and Development, 45 W. Gude Drive, Rockville, MD 20850, or through another service approved by MCPS. Individuals fingerprinted by MCPS will be required to provide written consent, and MCPS will maintain copies of all records for criminal background checks performed by MCPS. If the contractor uses another service approved by MCPS, the results of the criminal background check must be provided to MCPS for record keeping. A list of MCPS approved fingerprinting agencies can be found on the Procurement Unit website at <http://www.montgomeryschoolsmd.org/departments/procurement>.

The contractor must take appropriate steps to promptly follow up on information identified in the criminal background check related to the sexual offenses, child sexual abuse offenses, and crimes of violence enumerated above, as well as any information regarding offenses involving distribution of drugs or other controlled substances, or any other criminal information identified by MCPS as warranting further explanation insofar as it may significantly affect the safety and security of MCPS students. If, after following up, the contractor believes that the individual is qualified and should be assigned to work (or continue to work) in a MCPS school facility, then the contractor will provide a written summary to MCPS justifying its recommendation. MCPS will rely on the contractor's summary to determine whether to accept the contractor's recommendation, and the contractor will be responsible for any consequences of a material misrepresentation in its written summary.

Once the contract is awarded, the contractor is responsible for implementing the background check process. An individual in the contractor's work-force may not begin work in a MCPS school facility on an assignment where the individual will have direct, unsupervised, and uncontrolled access to children, until: (a) the background check results for that individual have been received by MCPS; (b) the contractor certifies to MCPS that the individual has received training and/or reviewed informational materials, as appropriate, regarding recognizing, reporting, and preventing child abuse and neglect, consistent with the content provided in training for MCPS employees; and (c) the individual obtains a MCPS identification badge. The badge will be issued by the MCPS Department of Safety and Security, 850 Hungerford Drive, Room 131, Rockville, MD 20850. Appointments are made by calling 301-279-3066. The contractor will be required to return all badges at the conclusion of the contract.

The criminal background check and badging process will be at the contractor's expense.

Violation of this provision is a material breach of contract for which MCPS may take appropriate action up to and including termination of the contract.
