Re: Eastern/Blair Student Assignments

Mr. Ewing moved approval of the superintendent's recommendations on Eastern/Blair student assignments, which was seconded by Mr. Hirsch:

RECOMMENDED INTERIM SOLUTIONS

1. Rescind Board Resolutions 743-81, 755-81, 963-81, 967-81, 1059-81, 1080-81, and 1081-81 to the extent that they apply to Eastern and Blair student assignments and are contrary to the decision of the Maryland State Board of Education and the following recommendations.
2. With respect to Montgomery Blair High School, the adopted plan be continued with the following exceptions:
  - a. Following the phase-out plan for Northwood High, reassign students living in the Forest Knolls, Four Corners, and Pine Crest elementary school areas as follows:

Elementary Area	To
Forest Knolls	Blair
Four Corners	Blair
Pine Crest	Blair
  - b. Initiate architectural planning in FY83 with appropriated funds to begin the needed renovation of "C" Building.
  - c. Strengthen Blair's academic program so that it more effectively meets the needs of a diverse student body. Consider developing magnet programs at the school such as a performing arts center and an intensive language instruction center. With boundary changes, these program attractions could help enlarge and strengthen the diversity of the student body.
3. With respect to Eastern Junior High School, the adopted plan be continued, except that the Eastern/Sligo intermediate school boundary be altered so that all Pine Crest and Forest Knolls Elementary area students (including those residing in the former Four Corners area), are assigned to Eastern beginning with seventh grade students in September 1982.
4. With respect to Einstein High School and Sligo Junior High School, that they continue to have a 9-12 and 7-8 grade organization, respectively, but that all other elements of the adopted plan for these schools be continued except as noted in items 2 and 3 above.
5. As soon as the Board's appeal of the State Board of Education's decision has been resolved, the Board, staff, and community representatives should review the plans for educational facilities in the Blair-Eastern areas.
