

Secondary Program Analysis Plan Update

# **2027: Building Stronger Local High Schools & Regional Model**

# Agenda

- Receive an update on the Program Analysis work for local schools and regional programs
- Review what is designed for every high school
- Review and discuss the high school asset map and regional program proposals
- Clarify questions and review timeline

# By the Numbers

Make the connection between the numbers and the data statements.

1. 27

2. 2027

3. 2000+

4. <10

5. 90

6. 35

A. The number of full time 9th grade full time programs.

B. The number of high schools MCPS will have in two years.

C. The number of Grade 8 students in a waitpool or waitlist for a regional/countywide program.

D. The number of Northeast & Downcounty Consortium Grade 8 students that applied to the Poolesville Global Ecology program in 2024.

E. The year the proposed regional model and new boundaries for 50 secondary schools will take place.

F. The % of students attending their local high school.

# Why in the world are we doing this?

- Equity of program **access**; correct historical issues with program equity of access
- Strong desire to be able to provide transportation to ALL students to centrally managed programs
- Address scarcity of program access by shifting to an approach of abundance of options
- Expand bespoke offerings to match need, interest, ability

# All High Schools

# Every School

Business, Finance,  
& Entrepreneurship  
and Financial  
Literacy

Parallel Advanced  
Courses (Ex. Every  
school will offer  
Calculus)

Well-rounded  
course progression  
opportunities

Distance Learning  
to Close Gaps

Preparation for  
Advanced Courses

Research  
Experiences that  
Prepare Students  
for College

# All High Schools

## Core Required Courses

### Advanced Courses

- Advanced Placement or International Baccalaureate
- Dual Enrollment
- Preparation for Advanced Courses (ex. honors)

### Course progression opportunities to meet varied interests.

(electives, advanced courses, Career and Technical Education pathways)

- 2–3 World Languages with upper level courses
- Fine Arts (music, visual)
- English
- Math
- Social studies
- Science
- Advance technology, coding, engineering
- Financial literacy, business, entrepreneurship
- Physical Education
- Work-based Learning

**Research Capstone** (ex. AP Research)

**Local Innovation**

## Advanced Placement (or IB) Courses

### Math

- Pre-Calculus, Calculus AB, Calculus BC, Statistics

### English

- English 10 AP Seminar, Language and Literature, English Literature

### Science

- Biology, Chemistry, Physics

### Social Studies

- Government, U.S. History, World History, Psychology, Human Geography

### World Languages

- Spanish, French

### Technology

- Computer Science Principles, Computer Science Java Arts
- 1–2 minimum based on student interest

A blue-tinted photograph of high school students in a classroom. In the foreground, two students are looking at a laptop. One student is wearing a striped shirt, and the other is wearing a dark jacket over a white hoodie. In the background, another student is visible, and there are laptops on a desk.

# **High School Program Asset Maps:**

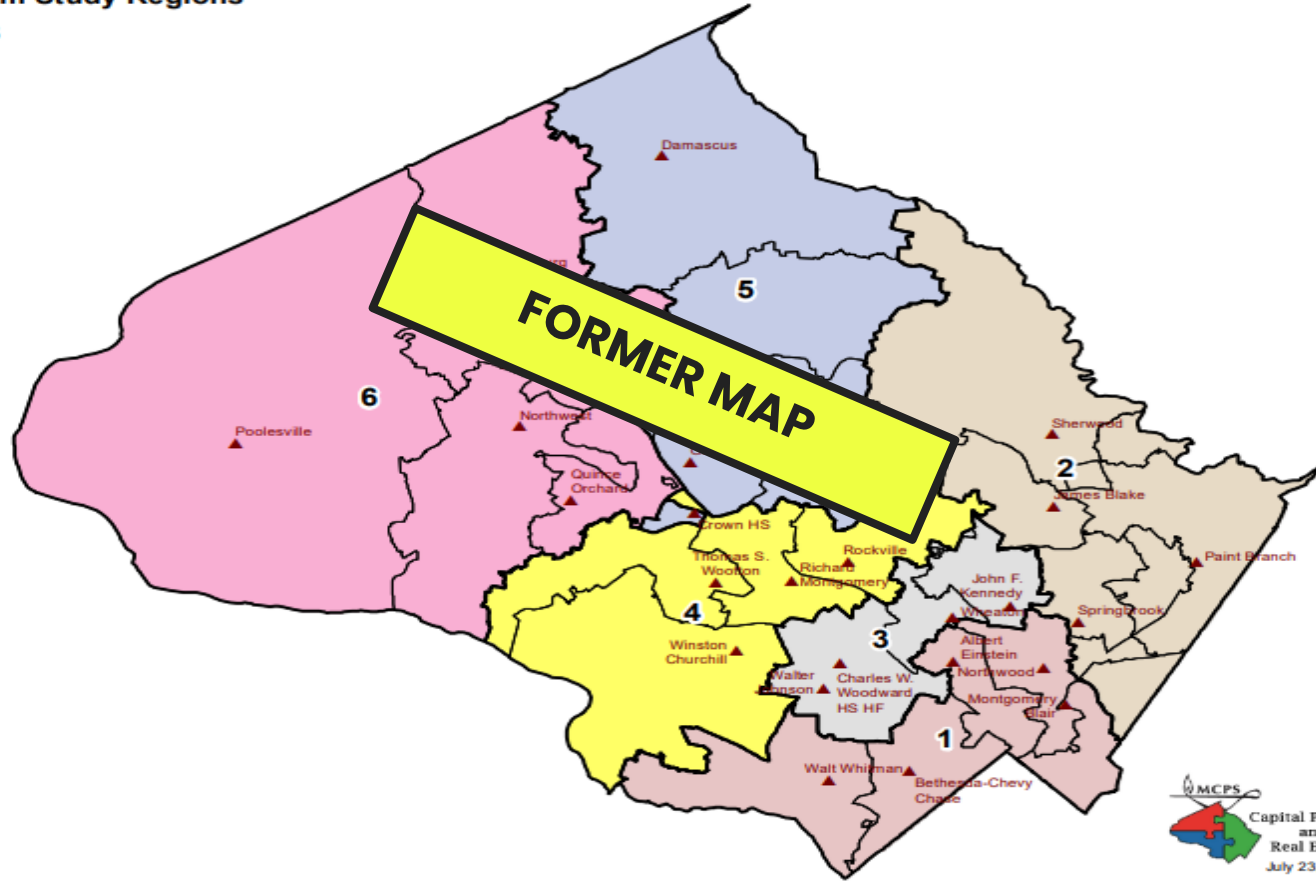

**A small glimpse into what each high  
school offers**

# Program Asset Maps

- There are 5 program themes
- Of the 5 program themes, there are 15 program strands
- A high school's assets for this map include
  - Centrally managed regional/countywide program(s)
  - Career and Technical Education programs
  - Less commonly taught languages
  - Arts offerings and facilities
- Local non-centrally managed courses and pathways are not reflected
- Gaps for program strands are identified per region

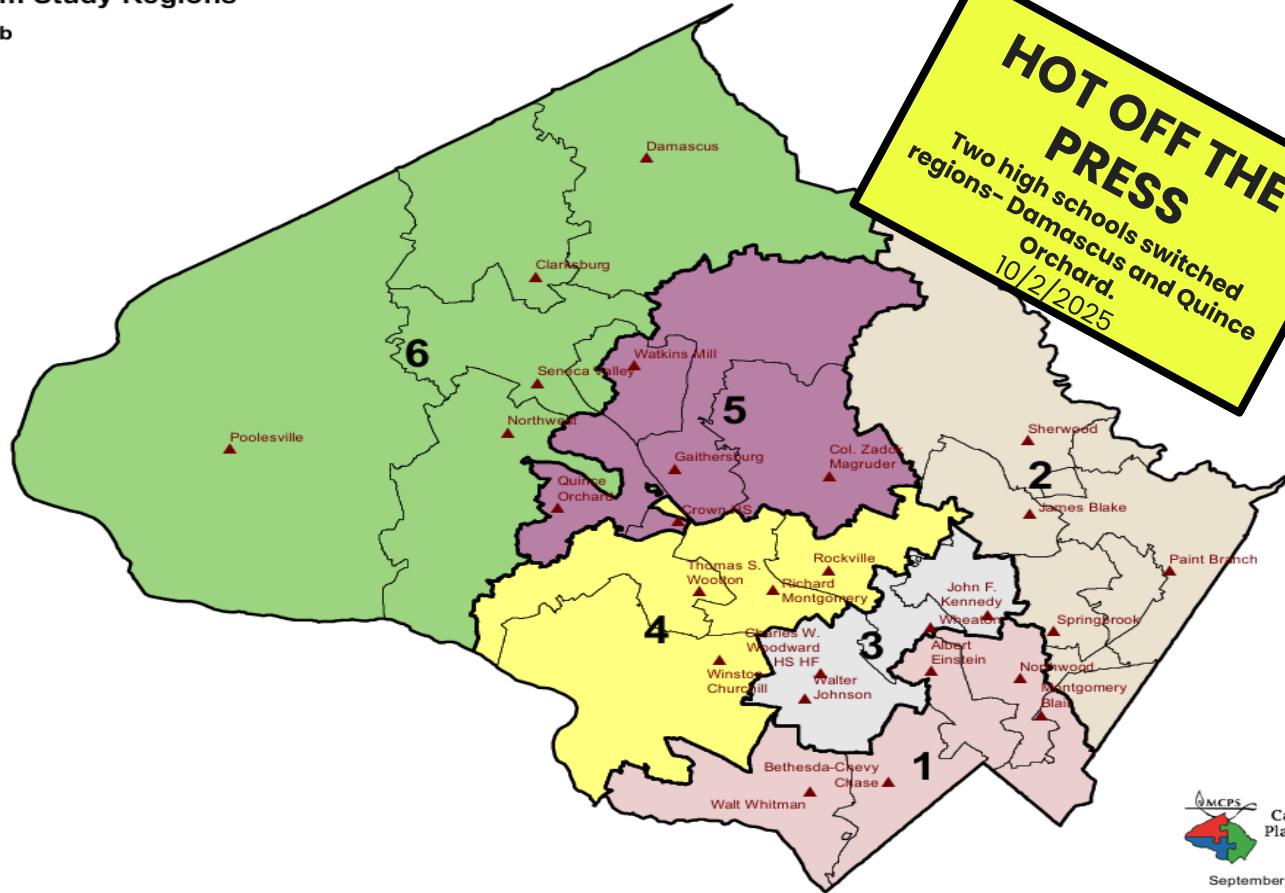

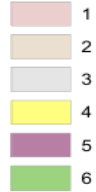

## Program Study Regions

### Option 5

## Program Study Regions

### Option 5b

# Regional Programs Themes

**Medical  
Science and  
Healthcare**

**Science, Math,  
Technology, &  
Engineering**

**International  
Baccalaureate,  
Humanities &  
Languages**

**Leadership,  
Public Service,  
and Education**

**Visual &  
Performing Arts,  
Design, and  
Communication**

## Region #1

## Starting Point: High School Assets

1	Medical science	Healthcare	Science Math (Advanced)	Technology (IT)	Technology Engineering	Science Related CTE, non-healthcare	International Baccalaureate	Humanities	Less common language(s)	Leadership	Public service	Education	Visual arts	Performing arts	Design	Communication
BETHESDA-CHEVY CHASE

TO BE DEVELOPED																

# High School Regional Programs: *Initial Recommendations*

# Working Assumptions

- Initial recommendations are made from using the high school assets
  - Regional/countywide programs,
  - Career and Technical Education pathways,
  - Languages,
  - Input regarding arts facilities
- This round of recommendations may be adjusted based on additional data.
- Existing successful regional programs that are not elevated this round for the six region model may be elevated or have the option to continue as a local pathway
- It is expected that successful local pathways could continue.
- The 5 program themes have a total of 15 program strands

Region 1	Proposed Regional Program 2027–2028
BETHESDA CHEVY CHASE	<ul style="list-style-type: none"> <li><i>International Baccalaureate</i> * and <b>HUMANITIES*</b></li> </ul>
MONTGOMERY BLAIR	<ul style="list-style-type: none"> <li><i>Science, Math &amp; Computer Science</i>* and <b>Engineering</b></li> <li><b>Communication*</b></li> </ul>
WALT WHITMAN	<ul style="list-style-type: none"> <li><i>Leadership Academy for Social Justice</i> and <b>PUBLIC SERVICE</b></li> <li><b>Languages^</b></li> </ul>
ALBERT EINSTEIN	<ul style="list-style-type: none"> <li><i>Visual Art Center</i>* and <b>DESIGN</b></li> <li><b>Education</b></li> </ul>
NORTHWOOD	<ul style="list-style-type: none"> <li><b>PERFORMING ARTS*</b></li> <li><b>MEDICAL SCIENCE*</b> and <b>Healthcare</b></li> </ul>

Region 2	Proposed Regional Program 2027–2028
JAMES H. BLAKE	<ul style="list-style-type: none"> <li><b>VISUAL ARTS*</b>, <b>Performing Arts*</b>, <b>Design</b>, and <b>Communication</b></li> <li><b>Education</b></li> </ul>

**Initial proposal**

# High School Regional Program Development

# Sample Regional Program

## Medical Science and Healthcare

Existing Related Programs	Regional Program Pathways	The Work
<p>Healthcare: Certified Nursing Assistant</p> <p>Healthcare: Certified Clinical Medical Assistant</p>	<p><b>Medical Science</b> (criteria)</p>	<p>Build new pathway, including new and existing courses and additional co- and extra-curricular experiences</p>
	<p><b>Clinical Healthcare</b> (interest)</p> <ul style="list-style-type: none"> <li>• Nursing Assistant</li> <li>• Clinical Medical Assistant</li> </ul>	<p>Expand access and certification exams based on student enrollment, utilizing existing resources, facilities, and qualified staff. Transition to 2027 curriculum.</p> <p>Develop a cohorted grade 9 academic experience and expand clinical partnerships</p>

# Frequently Asked Questions

<b>Will local high schools continue to offer local pathways if they implement a regional model?</b>	These pathways may continue if they reflect student interest and impact by way of enrollment, completion and student outcomes.
<b>What happens to application only programs?</b>	This is to be determined. Many local application programs were an outgrowth to provide similar programming to students interested in criteria-based programs.
<b>Is rising Grade 9 the only entry point to the regional programs?</b>	There will be additional on-ramps to enter the program beyond Grade 9.
<b>Will Aviation at Magruder HS be available as a regional program?</b>	Yes. The Aviation program may continue as an interest-based regional program.
<b>Will the DCC and NEC discontinue?</b>	Yes. The DCC and NEC will evolve into the regional model and elements of its success will be reflected in the model going forward.
<b>Will the countywide programs remain?</b>	Countywide programs will become regional.

# Consortia: Frequently Asked Questions

<b>Will my student go through the DCC/NEC Choice process?</b>	Starting with those currently in Grade 7, students will be assigned to the home high school, however, will have the opportunity to apply to one of the regional programs within the region.
<b>Does my student have to apply to a regional program?</b>	No, it is not required to apply to any program within the determined region. Your student may attend the home high school and take advantage of the local pathways available within the school.
<b>Will there be sibling link if my oldest has already gone through the Choice process?</b>	The proposal suggests that the Choice process will be phased out. If so, your current middle school or younger student(s) will attend the home school unless invited to a regional program.
<b>What happens to existing local signature and academy programs?</b>	Several local academy programs have been anchor to the schools within the DCC. The school will determine if the current programs will continue within their scheduling model.
<b>Is the regional program model a Choice process like the Downcounty or Northeast Consortium?</b>	No. The regional model is not a Choice process. Students will be expected to attend their home school and have the option of applying to regional programs.
<b>Can student apply to a regional program after starting high school?</b>	There will be additional on-ramps to enter the program beyond Grade 9. Some factors to consider are space available at the school and within the program.
